Date: 27.02.2026	**Venue:** Conference Hall, 1st Floor
Time: 10:30 AM – 11:30 AM	**Event :** Master Class on Financial Modelling
No. of Participants: 120	**Event Coordinators:** Prof. Srikanth, Finance Area

1. EVENT OVERVIEW

- **Title of the Program:** Master Class on Financial Modelling (as part of the Business Valuation and Financial Modelling Course)
- **Resource Person:** Mr. Amit Ram Puniyani, Quantitative Analytics Professional, Empanelled Trainer with FinX Institute
- **Target Audience:** MBA Finance Students (Fin A & Fin B)
- **Venue:** Conference Hall, 1st Floor
- **Event Date:** 27.02.2026
- **Time:** 10:30 AM – 11:30 AM
- **No. of Participants:** 120 Students

2. EXECUTIVE SUMMARY

The Finance Area organized a master class on **Financial Modelling** under the BVFM course, featuring Mr. Amit Puniyani, a seasoned quantitative analytics professional and empanelled trainer with FinX Institute. The session provided students with practical exposure to advanced modelling techniques used in business valuation. Mr. Puniyani's expertise and industry insights enriched the learning experience, bridging the gap between theoretical concepts and real-world applications. The presence of **Dr. Sumera Aluru** added academic depth to the proceedings, ensuring a holistic learning environment.

3. OBJECTIVES OF THE EVENT

1. To provide hands-on exposure to financial modelling techniques.
2. To connect theoretical valuation concepts with practical industry applications.
3. To enhance students' analytical and quantitative skills in finance.
4. To prepare participants for professional roles requiring advanced modelling expertise.

4. HIGHLIGHTS OF THE EVENT

- **Expert Insights:** Mr. Puniyani shared practical approaches to building robust financial models.
- **Interactive Learning:** Students engaged actively with real-world case examples.
- **Industry Relevance:** The session emphasized applications in valuation, investment analysis, and corporate finance.
- **Academic Integration:** Dr. Sumera Aluru's participation reinforced the academic rigor of the session.

5. OUTCOMES ATTAINED

- Students gained clarity on structuring and interpreting financial models.
- Enhanced confidence in applying quantitative techniques to valuation problems.
- Strengthened linkage between classroom learning and industry practices.
- Motivation among students to pursue advanced certifications in financial modelling.
