REPORT ON
THREE-DAY FACULTY DEVELOPMENT PROGRAMME (FDP)
ON ODOO ERP

In Collaboration with ODOO LLP

Date	22nd – 24th September 2025	**Duration**	3 Days
Venue	RV Institute of Management, Bengaluru	**Mode**	Hands-on / Offline
Collaborating Partner	ODOO LLP	**Event Type**	Faculty Development Programme (FDP)
Participants	Faculty from Multiple Institutions	**Programme**	MBA – Supply Chain Management / E-Commerce

1. Overview

RV Institute of Management successfully organised a Three-Day Faculty Development Programme (FDP) on ODOO ERP from 22nd to 24th September 2025, in collaboration with ODOO LLP. The programme was designed to equip faculty members from RVIM and partner institutions with practical knowledge and hands-on exposure to ODOO's Enterprise Resource Planning (ERP) platform, enabling them to integrate industry-relevant digital tools into management education.

The FDP successfully brought together faculty participants from multiple institutions, bridging the academic–industry gap and strengthening institutional collaborations. It contributed to capacity building in technology-enabled management education, with special focus on Supply Chain Management and E-Commerce applications.

2. Objectives of the Programme

- Provide faculty with in-depth, hands-on exposure to ODOO ERP and its business modules.
- Bridge the gap between academic curriculum and industry-level ERP implementation practices.
- Enable design and delivery of an ODOO-integrated university programme for MBA students.
- Strengthen external academic–industry connect with ODOO LLP.
- Enhance institutional visibility and establish RVIM as a leader in technology-enabled management education.
- Prepare foundation for inducting ODOO ERP into the Supply Chain Management – E-Commerce subject from the next academic year.

3. Programme Schedule

Day	Date	Session Highlights
Day 1	22 Sep 2025	Introduction to ODOO ERP; Overview of ERP architecture; Navigation and interface familiarisation; ODOO modules walkthrough (Sales, Purchase, Inventory, Accounting); Hands-on setup and database configuration.
Day 2	23 Sep 2025	Deep dive into Supply Chain Management module; E-Commerce integration in ODOO; Digital process automation; Inventory and warehouse management; Live demonstrations and faculty-led exercises.
Day 3	24 Sep 2025	Advanced ODOO configurations; Academic integration planning; Design of ODOO University Programme for MBA; Certificate distribution and valedictory session.

4. Key Outcomes and Achievements

- Faculty participants gained comprehensive hands-on experience with ODOO ERP across multiple functional modules.
- Strengthened academic–industry partnership between RVIM and ODOO LLP.
- Enhanced institutional visibility by positioning RVIM as a pioneer in ERP-integrated management education.
- Capacity building achieved across faculty from multiple participating institutions.
- University ODOO Programme for MBA successfully designed and finalised during the FDP.
- ODOO ERP to be formally inducted into the Supply Chain Management – E-Commerce subject curriculum from the next academic year.

5. University ODOO Programme for MBA

A landmark outcome of this FDP was the creation of a structured University ODOO Programme tailored for MBA students at RVIM. The programme curriculum was co-developed with inputs from ODOO LLP and will be integrated as a component of the Supply Chain Management – E-Commerce subject. This initiative ensures that MBA students receive industry-aligned, practical ERP training as part of their formal academic programme.

Programme Details	Specifics
Programme Name	University ODOO Programme for MBA
Target Batch	MBA Students – 2024-26 Batch (onwards)
Integrated Subject	Supply Chain Management – E-Commerce
Implementation	From Next Academic Year (induction confirmed)
Industry Partner	ODOO LLP

7. Conclusion

The Three-Day FDP on ODOO ERP was a resounding success that achieved its objectives in full measure. The programme effectively strengthened the academic–industry interface, built faculty capacity in ERP and digital process integration, and laid a robust foundation for embedding ODOO ERP into RVIM's MBA curriculum. The collaboration with ODOO LLP has not only enriched the participating faculty's technical competence but also elevated RVIM's standing as an institution at the forefront of technology-enabled management education. The formal induction of ODOO ERP into the Supply Chain Management – E-Commerce subject marks a significant milestone in making management education at RVIM industry-ready and future-relevant.
