Ryan Spendelow

varshitha salian

has successfully completed the online Specialization

Preparatory Certificate in Finance and Financial Markets

The Preparatory Certificate in Finance in Financial Markets equips learners with essential skills in financial statement analysis, corporate finance, investment strategies, risk management, and ESG principles. This comprehensive program, developed with industry experts, prepares you for real-world financial decision-making and strategic analysis in various financial markets.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
