

upGrad Campus – RVIM Lecture Capture Solution Report

Objective:

RVIM was looking for an effective automated solution through which they can capture the sessions happening in the classroom so that they can address the below points.

- Access to recorded lectures and other study materials, providing students the ability to virtually relive their classroom experience, anytime anywhere.
- Helping the teaching faculties in improving and advancing their Teaching practices
- Having a platform where students and professors are connected.
- Giving an opportunity of never missing a class to all the students where they can watch the classroom session any number of times from anywhere.
- Content creation and sharing across students.

Benefits to Institute Professors and Students:

- Automatic lecture capture with HD-quality Audio and Video
- Institute can serve wider audiences and share expertise through lecture-capture classrooms.
- Content creation which can be used as a digital library and Faculty Training
- Instructional feedback to the faculties to improve teaching practices (non-intrusive)
- For Students, improved performance, and deeper subject understanding
- Collaborative learning and increased engagement between students, professors, and management (upGrad Campus platform advantage)
- Never miss a class, web, and mobile access. Access anywhere anytime.

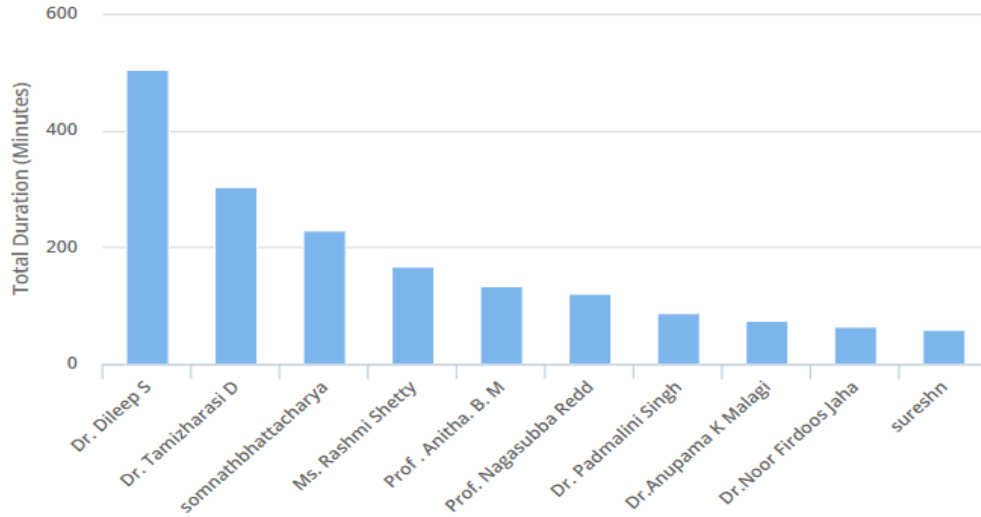

Background:

- upGrad Campus Lecture Capture Solution has been installed in **6 Classrooms at RVIM.**
- A total of **40 professors** are registered on the platform and their sessions are getting recorded as per the timetable shared by RVIM.
- A total of **180 Students** are Registered in LCS of RVIM.

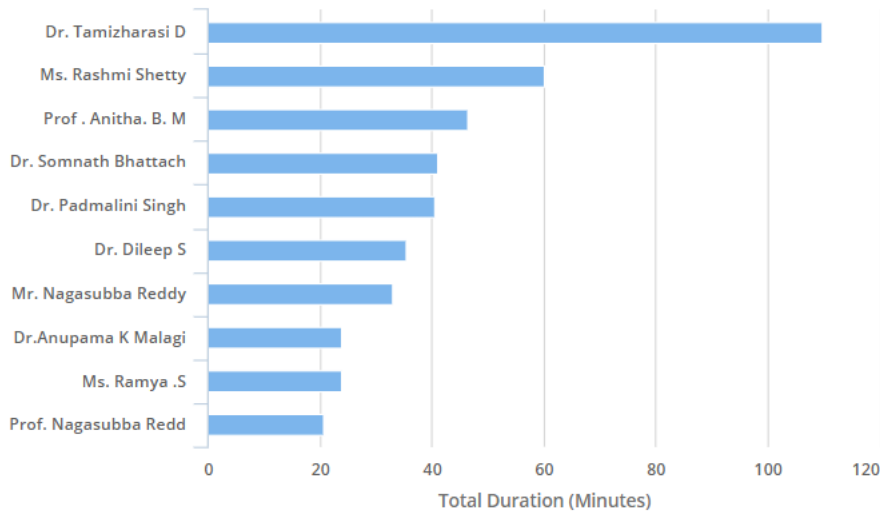

upGrad Campus LCS Analytics

| 1 st June 2022 – 31 st July 2023 | |
|--|-------|
| Overall Summary | |
| Total Sessions Recorded with Audio | 350 |
| Number of professors Recorded the sessions | 18 |
| Number of students watched the videos | 162 |
| Total number of minutes watched by Students | 30669 |
| Total number of subjects recorded | 42 |

Conclusion:

After, successfully installing upGrad Campus LCS and adopting the solution following objectives are met-

- Students can focus on understanding concepts deeper by watching videos again and again.
- Effective learning as anytime accesses of lectures to student.
- Student has access to watch lectures over mobile app as well as laptop.
- Overall students are spending good amount time on upGrad Campus as and when required.
- **We recommend RVIM college management to avail our various certification programs which will make students more prominent towards industry requirements. Few of the courses which we suggest are: Artificial Intelligence & Machine Learning, Full Stack Development, Data Science & Analytics, UI/UX, Cloud DevOps etc.**
