To,
The Director,
RVIM,
Bangalore-560041.

Respected Sir,

Sub: Seeking permission to Subscribe **Prowess IQ (IP) Database-reg.**

With reference to above subject , we wish to subscribe Prowess IQ (IP) online database is a product of Centre for Monitoring Indian Economy (CMIE) . **Prowess IQ is a query –able database of around 50,000 Indian companies** . The **Prowess IQ** database includes all companies traded on the national stock exchange and the Bombay Stock Exchange, thousands of unlisted public limited companies and hundred of private limited companies. The database is very useful for the students in their regular learning and also for their internship training and disseration projects. And the database is useful for Faculty members, Research Scholars and students for their research purpose also. They agreed to provide remote access of database for all our students.

Earlier our institute has subscribed Capitaline online database . This year we would like to subscribe ProwessIQ database which has more reliable data on Indian Companies , Investment projects, Industries, commodities, households and the Indian economy.

As per Quotation received from CMIE Blore, the Total amount of Prowess IQ is **Rs. 2,55000/-**
After 20% discount the total **Rs. 251000/- + 18 % = Rs. 2,40,720/-**

Sl.No.	Title	Period	Amount
01.	Prowess IQ (IP) online Database	2021 Oct – 2022 Sept	Rs. 2,55000/-

Total Amount Rs. 2,55000/-

20% dis Rs. 51000/-

Rs. 204000/-

18% GST Rs. 36720/-

Rs. 2,40,720/-

Total Amount Rupees Two Lakhs Forty thousand Seven hundred and Twenty Rupees only.

Salient Features of the Prowess IQ online database are:

- Listed companies 5079
- More than 45,706 companies (unlisted) with historical data covered.
- Public sector companies 1354
- Indian Private Companies 47,567
- Manufacturing Companies 17,692
- The Database is standardised to enable inter-company and temporal comparisons.
- Prowess IQ provides time-series data from 1989.
- Database Spans Three Decades from 1990 to 2000, 2001 to 2010. 2010 to till date.
- The Database is updated every day. The count increases every day.
- For more information a Prowess Database is enclosed in separated sheet.

Total Amount Rupees Two Lakhs Forty thousand Seven hundred and Twenty Rupees only.

So we request you kindly permit us to subscribe the same.

Thanking You,

Yours Sincerely,

Anupama S.M
Librarian.

Encl: Prowess database proposal.

Alca

Jill last year we subscribed for CAPITALINE database, which costed us around ₹. 70000/-. But from this year they have increased their price.

From the current year onwards we would like to subscribe for PROWESS-IQ database of companies as it is much more advanced, authenticated and has a bigger collection. All premier Institutions subscribe PROWESS-IP database. It is going to cost us ₹. 2.04 lakh + 4% ST.

 For your kind approval on SAP

Dear Sir .

Greetings from CMIE!

As you may readily agree, an education institution or an university is known for its research, and for conducting research, researchers need authentic and reliable data. With more than 40 years of helping leaders and professionals take informed decisions, Centre for Monitoring Indian Economy (CMIE) is known for providing reliable data on Indian companies, investment projects, industries, commodities, households and the Indian economy.

One of our widely used Database is **Prowess IQ** and **Prowess DX**

ProwessIQ is a query-able database of around 50,000 Indian companies. The Prowess database includes all companies traded on the National Stock Exchange and the Bombay Stock Exchange, thousands of unlisted public limited companies and hundreds of private limited companies

The database is built from Annual Reports, quarterly financial statements, Stock Exchange feeds and other reliable sources. There are over 3,500 data-fields per company in the Prowess database.

The database is standardised to enable inter-company and temporal comparisons. ProwessIQ provides time-series data from 1989.

Prowess is most useful in applications where we need to find companies that satisfy a set of conditions. ProwessIQ is designed to facilitate the clear articulation of the conditions of a search and the delivery of a well-formatted output of the consequent results.

There are 84 different Query Triggers in ProwessIQ. Each is designed to facilitate the querying of a distinct part of the database. Results of each of the Query Triggers can be easily combined with those of others. Querying can therefore be an iterative process to discover the companies that best meet the criteria articulated by you. This iterative process of querying is the power of ProwessIQ.

Apart from Prowess data base we have macro economic database (**Economic Outlook**), Industrial Level Database (**Industry Outlook**)

We strongly believe that CMIE databases would be of great value to your institute. We therefore recommend your institute to join the prestigious list of institutes including Harvard, Princeton, IIMs, ISB, etc. to use CMIE information solutions. Subscription to Prowess , Economic Outlook , Industry Outlook is just to ensure that the most basic services are not missed by your institute.

Now students and faculty can access CMIE database outside campus also

please find the Price details following -

Information solutions	Annual subscription	Discount	Discount amount	Net amount excluding 18% GST
ProwessIQ (IP)	2,55,000	20.00%	51,000	2,04,000

About us

CMIE, or the Centre for Monitoring Indian Economy, is a leading business information company. Established in 1976, it straddles the entire information food-chain - from primary data collection through analytics and forecasting. It provides services to the entire spectrum of business information consumers that includes governments, academia, financial markets, business enterprises, professionals and the media.

CMIE produces economic and business databases and develops specialised analytical tools to deliver these to its customers for decision making and for research. It analyses the data to decipher trends in the economy.

CMIE has built India's largest database on the financial performance of individual companies; it conducts the largest survey to estimate household incomes, pattern of spending and savings; it runs a unique monitoring of new investment projects on hand and it has created the largest integrated database of the Indian economy.

With over four decades of experience, CMIE has honed its skills in analysing the current and prospective trends in the Indian economy. It delivers these insights through its services to its customers.
