Activities conducted in department of systems management from 2014-2018

Introduction:
The Department of Systems Management was introduced by RVIM to create exposure on Information Technology. The Department handles subjects on emerging topics like IT for Business, E-Commerce, Software Design, Software Engineering, System Analysis and Design and Project Management etc. The Department creates an opportunity for the students to build their career in Information Technology as Management students.

Vision
Information Technology skills for Managerial excellence.

Mission

- To impart knowledge and technical skills through advanced teaching and learning methods.
- Technical advancement in use and application of hardware and software.
- To enhance productivity at all levels

Objectives:

- To understand the concepts and practices of modern software technologies.
- To create awareness among the students in building basic concepts of Information Technology and applying the same in decision making process.
- To provide technical knowledge to the faculty members in improving their technical skills.

Technical Infrastructure:

Department of Systems is established with good infrastructure, having 4 state-of-art computer laboratories. There are 215 P4/i3 Computers and terminals with Wi/Fi internet facilities. 20 Laptops have been issued for faculty members. 22 Printers are installed in various places in RVIM. Application Software and System Software like Oracle 10G, Tally ERP 9.0, SPSS (Statistical Package for Social science), MS-Office 2013, Microsoft Visual studio, C & C++ compilers, Kaspersky internet security 2017etc are all installed in the computers.

Guest lectures, Seminars and Workshops conducted for Students' Development:

The Department has organized various Guest Lectures for the students development with a view to impart in depth knowledge on emerging topics like Recent Trends in IT ,Information Technology & Information Systems ,Advanced System Analysis Design etc.

Add-on courses conducted for students

The Centre for Information Technology has tie-ups with SAP-TAC and NICT to conduct Add-on Certificate Courses in various modules of SAP-FICO, SAP-SD, SAP-HR and Tally ERP 9.0.

Centre for Information Technology conducted Certification course on various modules of SAP (System Application and Process in Product Designing– HR (Human Resource), SD (Sales and Distribution) and FICO (Finance& Controlling) for MBA second year students. Resource persons are as follows:

Ms. Priya, HR Consultant in an MNC, Bangalore with 7 years of experience

Mr. Ganeshan, FICO Consultant in an MNC, Bangalore with 3 years of experience

Mr. Manjunath V, SD Consultant in an MNC, Bangalore with 4 years of experience

The course was held during the period between 18-09-2015and 18-01-2016 with the duration of 45 hours where the resource persons covered theory and practical part of various SAP Modules. External link was provided for the students for their practical knowledge. Students were allowed to use the link for one year from any network (even from home). The total number students in the certification course as given below:

Sl.No	Module	Number of students
1	SAP-FICO	25
2	SAP-SD	08
3	SAP-HR	04
Total		37

Topic: System Design & Project Management

Resource Person: Mr. P S Srikanth

Executive Manager

MNC, Bangalore.

Date & Time:20-12-2014, 9.00 am – 11:00 pm

Department of Systems Management organized a Guest Lecture for III semester System Specialization students on 20th December, 2014. Main objective of the Guest Lecture is to give practical exposure towards various stages in Software Project Management. Programme started with the welcome address given by Mr. N Nagasubba Reddy, Department of Systems Management.

Following topics were covered in the session:

- Enquired about the students expectations from the session
- Introduction to Software Projects
- Project Management Jargons
- Different people involved in the Project Life Cycle and the role played by them
- Stages of Project Management
- Communication between client and the development team

RV INSTITUTE OF MANAGEMENT Bangalore

- Scheduling stages during PM Life cycle
- All the above topics were explained with real example from Hotel industry

Students were satisfied with the lecture and the Programme winded with the Vote of thanks proposed by N.Nagasubba Reddy, Department of Systems Management.

Topic: Manual Testing

Resource Person: Mr. Amruth Srinivas

Senior Software Engineer

Arka Software Solutions

Bangalore

Date & Time: -2014, 11:15 pm – 1:15 pm

Department of Systems Management organized a Guest Lecture for III semester System Specialization students on21st November, 2014. Main objective of the seminar is to give inputs on Testing related concepts. Programme started with the welcome address given by Mr. N Nagasubba Reddy, Department of Systems. Following topics were covered in the session

- Importance of quality in various software projects and the impact of the same on production systems.
- Testing Strategies: Defect Life Cycle, Test Metrics, Quality Assurance and control Artifacts
- Test Metrics: Base Metrics, Defect Density, Efficiency of testing, Defect Slippage
- Testing System Process: Cases, Scenarios, Data Planning, Test result, Lessons Learned document, Test closure report.
- Web Service Testing using Service Oriented Architecture

- Testing at different Levels: Game Testing, Embedded Testing, Database Testing, Security Testing, Automated Testing and so on.
- SaaS: Testing SaaS using Cloud and its inception
- QA and Artifacts: Project Plan, Strategic Plan, Test Plan, Defect Report, Defect Trend, Training Plan

Students cleared their doubts regarding scope of testing, career as Tester and so on. Programme winded with the Vote of thanks proposed by Ms. Pushpa M, Department of Systems management.

Training Programmes conducted for students

A Training Programme was organized by Digital Library Coordinator for I and III semester MBA students on the topic "JGATE Plus Online Database" in the below mentioned dates

Si. No	Semester/Section	Date	Faculty In-charge
1	I sem Sec 'A' & Sec 'B'	11.11.2014	Ms. Bhavya Vikas Ms. Sowmya D S
2	III Sem Sec 'A' & Sec 'B'	13.11.2014	Ms. Pavitra S T Ms. Das Sangita Hemanth
3	I sem Sec 'C' & Sec 'D'	12.12.2014	Ms. Anitha D'Silva Ms. Maithri R

Main objective of the programme was to train the students on the usage of JGATE Plus online database with various options in the database. Resource person for the programme was Mr. Swapnil Srivatsa, Product Marketing Manager, Informatics Publishing Ltd., Bangalore. Various topics covered in the session were as follows:

- Basic Search: It helps in searching with key words or title of the research paper at a single level without any filters
- Journal Finder: Helps to search only journals based on the period of their release
- Author Finder: Filtering at author level at various versions can be done
- Advanced Search: This is the main option which helps in searching papers at various levels with the help of multi level filtering like period, author, keywords, title and so on.
- Search History: Provides you the information about pervious searches
- Library Journals: Provides the list of Intellectual property in the database

Students were very happy about the training programme and also expressed their thanks for conducting such programmes.

A Training Programme was organized by Library committee for I and III semester MBA students on the topic "EBSCO online Databases" in the below mentioned dates

Si. No	Semester/Section	Date	Faculty In-charge
1	I sem Sec 'A' & Sec 'B'	18.11.2014	Ms. Bhavya Vikas Ms. Sowmya D S
2	III sem Sec 'A' & Sec 'B'	20.11.2014	Ms. Pavitra S T Ms. Das Sangita Hemanth
3	I sem Sec 'C' & Sec 'D'	21.11.2014	Ms. Anitha D'Silva Ms. Maithri R

Main objective of the programme was to train the students on the usage of EBSCO online database with various options in the database. Resource person for the programme was Mr. D T Edwin, Training specialist, EBSCO Information Services India Pvt. Ltd, Bangalore. Various topics covered in the session were as follows:

- Basic Search: It helps in searching with key words or title of the research paper at a single level without any filters
- Advanced Search: This is the main option which helps in searching papers at various levels with the help of multi level filtering like period, author, keywords, title and so on with AND operation
- Search History: Provides you the information about pervious searches
- Alert Creation: Provides the option of alerting the users at the time of new arrivals
- Publication: Recent publications can be viewed with this option
- Company Profiles: Search can be done based on the Company Profiles
- Folder Creation: Folders can be created and research information can be stored in the folder and can be viewed by the respective username alone.

Students were very happy about the training programme and also expressed their thanks for conducting such programmes.

Add-on courses conducted for students

The Centre for Information Technology has tie-up with SAP-TAC to conduct Add-on Certificate Courses in various modules of SAP-FICO, SAP-SD, SAP-HR and MS-OFFICE 2010.

Centre for Information Technology conducted a Certification programme in MS-OFFICE 2007 for the First Semester MBAfrom 22nd September 2014 to 5th January 2015. The main objective of this course is to create awareness about different packages in MS-OFFICE- 2007 which helps them in their internship and Dissertation report preparation and to create weightage for the students resume that helps them during placements. Mr.Nagasubba Reddy, Asst.Professor, Department of Systems Management was the resource person.

Course details are as follows:

- Total number of hours : 25
- Duration of the course : 3 Months

R.V. INSTITUTE OF MANAGEMENT Bangalore

R.V.INSTITUTE OF MANAGEMENT
CA-17, 36TH CROSS, 26TH MAIN, 4TH T BLOCK, JAYANAGAR, BANGALORE – 41
Ph: 080-26547048 Fax: 26654920; URL:rvim.edu.in; Email: contact@rvim.edu.in

Sl.No	Subject	Hours
1	MS-Word Theory and practical's	08
2	MS-Excel Theory and Practical's	12
3	MS-Power point Theory and Practical's	05
	Total	25

Eligibility Criteria

1. Students are required to attend for not less than 60% of the classes in order to be eligible to appear for the Certificate course examination
2. A candidate shall be declared to have passed the Certificate course programme if he/she secures at least a 50% in the aggregate of both Theory paper/practical/project work

Scheme of Examination :

The evaluation will be done based on theory/Practical

Duration of the Examination is 1.30 hours

Examination pattern for 100 Marks includes

- 20 objective questions for 20 Marks
- MS-OFFICE Practical for 30 Marks
- Project work for 40 Marks
- Attendance for 10 Marks

Result was given in grading system

Sl.NO	Percentage	Grade
1	80 and above	A+
2	70 – 79	A
3	60 – 69	B+
4	50 – 59	B

Out of 152 students, 142 students were qualified for the examination as per above mentioned criteria. Examination was conducted on 5th January 2015 in two batches. First batch was between 2:00 pm to 4:00 pm for 1st Sem A & B Sections and Second batch was between 4:30 pm to 6:30 pm for 1st Sem C & D Sections students. Feedback from students on various aspects of certificate course was collected, analyzed and found to be good. 93 students passed the examination with A+ Grade , 37 students with A grade , 09 students with B+ grade and 03 students with B grade.

SAP Certification Report

Centre for Information Technology conducted Certification course on various modules of SAP (System Application and Process in Product Designing– BI (Business Intelligence), SD (Sales and Distribution) and FICO (Finance& Controlling) for MBA second year students. Resource persons are as follows:

1. Mr. N. Basavaraj, SD Consultant, SAPTAC, Bangalore, was the resource person for SAP-SD Module
2. Mr.Ganesha N, FICO Consultant, SAPTAC, Bangalore, was the resource person for SAP-FICO Module
3. Mr.Nagabhushan B.V, BI Consultant, SAPTAC, Bangalore, was the resource person for SAP-BI Module.

The course was held during the period between 21-10-2014 and 17-05-2015 with the duration of 45 hours where the resource persons covered theory and practical part of various SAP Modules. External link was provided for the students for their practical knowledge. Students were allowed to use the link for one year from any network (even from home). The total number students in the certification course as given below:

Sl.No	Module	Number of students
1	SAP-FICO	09
2	SAP-SD	13
3	SAP-BI	05
Total		27

Various topics covered in the course duration were as follows:

SAP-FICO

27. Introduction
28. Enterprise structure ,Financial accounting global settings
29. General Ledger accounting ,Accounts receivable and payable
30. Bank accounts , Bill Exchange , VAT calculations
31. Foreign currency asset accounting , New GL Accounts , Financial Statement versions
32. Reports and controlling

SAP-SD

1. Sales overview
2. Enterprise structure related to SD
3. Master data, like Customer master data, material master data, condition master data and Output master data.
4. Partner determination ,Sales document types, Item categories
5. Schedule line categories, Pricing: Condition table, access sequence, Condition type, pricing procedure
6. Stock Posting, Free goods, Bills of Material
7. Material determination, Material Listing and Exclusion
8. Incompletion logs, Revenue account determination&Credit management
9. Outline agreements like quantity contract, value contract and scheduling agreements
10. Shipping process like Shipping point determination, Route determination, Shipping conditions picking,PGI, Delivery types, Delivery item categories, Invoice process
11. Billing types: Special sales processes like cash sales, rush orders ,consignment process and Third party process
12. Return sales process, Credit memo process ,Debit memo process

R.V. INSTITUTE OF MANAGEMENT Bangalore

13. Availability check, Rebate processing, Intercompany sales, determination
14. Copy control, Integration with MM,FI

SAP-BI

4. Modelling:

Data warehousing workbench ,Creation of Info Objects ,Characteristics, Key figures

Infocubes, Multi Providers, Infospokes

Infosets

Datastore Objects

Transformations

Info Sources

Data Sources

Data Transfer Protocols

5. Extraction:

LIS (Logistics Information System)

LO (Logistics

MM (Material Management)

SD (Sales & Distribution)

FICO (Finance & Controlling)

Flat file Loading

Faculty Development programmes conducted

Topic: Research Methodology and SPSS 20.0

Resource Person: Mr. Shankar M M

Date: 13-02-2014 & 14-0202014

Venue: Computer Lab2 , Ground Floor, RVIM

Inauguration:

Department of Systems Management conducted a two day Faculty Development Programme for RVIM internal faculty members on the topic "Research Methodology and Statistical Package for Social Sciences (SPSS)". Resource person for the programme was Mr. Shankar M M , Corporate Trainer, Bangalore.

Programme started with an invocation by Ms. Divya Mohan Rao, Asst. Professor, Department of Marketing. Mr. N. Nagasubba Reddy, Asst. Professor, Department of Systems Management gave the welcome address and the programme then proceeded with the dignitaries lighting the lamp. Our beloved Director Dr. T. V. Raju, addressed the gathering. He appreciated the initiative taken by the Department. He also explained the importance of Research and Statistical Tools for faculty to guide their Dissertation students and for their research work as well. Mr. Shankar explained the topics to be covered in the two day programme.Ms. Pushpa, Asst. Professor, Department of Systems Management proposed vote of thanks.

Details of the Technical Sessions are as follows

Technical Session I:

Date: 13-02-2014

Time: 10:00 am to 11:30 am

R.V. INSTITUTE OF MANAGEMENT Bangalore

Rashtreeya Sikshana Samithi Trust
R.V.INSTITUTE OF MANAGEMENT
CA-17, 36TH CROSS, 26TH MAIN, 4TH T BLOCK, JAYANAGAR, BANGALORE – 41
Ph: 080-26547048 Fax: 26654920; URL:rvim.edu.in; Email: contact@rvim.edu.in

Topics Covered:

1. Introduction to Research: Definition, Concepts, Terminology, Books to be referred.
2. Effective Research: Importance and role of Concept, Measurement and Tools.
3. Thesis: Format, steps involved, Theory Testing and Theory Building.
4. Hypothesis: Meaning, Definition, Formulation, Types.
5. Variables: Meaning, Types, Magnitude of relation between variables.

Technical Session II:

Date: 13-02-2014

Time: 11:45 am to 1:15 pm

Topics Covered:

1. Measurement of Scales: Theory, Types, importance of each type and when they should use each type.
2. Category and Continuous as X-axis and Y-axis.
3. Central Tendency Measures: Types.
4. Hypothesis Testing: 'T' test, 'F' test, 'Chi-Square" test, 'Z' test and ANOVA
   Importance of each test, when to use which test.
5. Entire Chart of Hypothesis testing.
6. Explained and Unexplained Variance.

Technical Session III:

Date: 14-02-2014

Time: 10:00 am to 11:15 am

Topics Covered:

1. Introduction to SPSS 20.0.
2. SPSS history.
3. Identification of Independent and Dependent Variables from the mini project and frame the type and test to be done for the same.

4. Calculation of Valid Percentage in SPSS with data missing and data without missing.
5. Calculation of Standard Deviation in SPSS.
6. Outlier Data: Meaning, overshooting mean, Scenario when we will consider Transform
7. Hypothesis testing in SPSS.
8. 'T' test in Analyze Tab and acceptance based on Sig value
9. 'Chi-Square" test in Analyze Tab

Technical Session IV:

Date: 14-02-1014

Time: 11:30 am to 1:15 pm

Topics Covered:

1. 'One way' and 'Two way' ANOVA test and 'F' value and Sig values for the same.
2. Data Management and Data Preparation
3. Data Analysis: Process steps
4. Data Structure Creation and Data entry in SPSS.
5. Data Cleansing and Data Interpretation in SPSS.
6. Data Analysis using Uni-variate, Bi-Variate and Multi-Variates.
7. Importance of 999, 998 and 997.
8. Cronbach's Alpha: Importance to publish a paper, identifying the correlation among the set of items, to check consistency and the minimum items used.
9. List of books to gain knowledge in Research Methodology

Valedictory:

Faculty shared their Learning experiences in the valedictory programme. Resource person gave feedback on the faculty assimilation levels and showed his gratitude by thanking the management for giving this opportunity. Director Sir distributed certificates for all the participants and the programme concluded with the vote of thanks proposed by Mr.N.Nagasubba Reddy.

Objective: Main objective of the programme is to provide a platform for Research Scholars on Research basics and Statistics. The programme also emphasizes on various research concepts like Multiple Linear Regression, Exploratory Factor Analysis and hands-on training on Data Analysis methodology using SPSS and AMOS software with various teaching techniques like Case study approach, Lecturing, Discussion and Demonstration methods.

Centre for Information Technology and Department of Systems Management conducted a two-day Faculty Development Programme on 13th& 14th June, 2014 on the topic "Social Science Research using SPSS and AMOS". Resource Person for the programme was Mr. Shankar M M, Advisor, Synthesis Solutions, Bangalore. The programme details are as follows:

DAY - 1

Inauguration:

Chief Guest of the Inauguration Programme was Dr. K. SheshaMurthy, Principal, Vijaya PU College and Dean, Vijaya Academy for IT, Bangalore. The programme was presided by our Director Dr. T.V. Raju. The programme started with an invocation by II semester MBA students Ms. Akhila and Ms. Susmitha and continued with the welcome address given by Mr. N. Nagasubba Reddy, Asst. Professor, Department of System Management. The programme commenced with lighting of lamp by the Dignitaries. The Chief Guest Dr. K. SheshaMurthy addressed the gathering by giving certain technical inputs which emphasized towards the importance of Research software. Our beloved Director , Dr. T. V. Raju gave the presidential address which highlighted on the need for a complete plan on Research Analysis. He also shared his rich research experiences and the benefits of Research software. The programme concluded with Vote of Thanks proposed by Ms. Pushpa M, Asst.Professor, and Department of Systems Management.

Highlights of Technical Sessions

Session1: 10:00 am to 11:30 am at Conference Hall, I Floor, RVIM

Topics covered:

- Role of Theory
- Types of Hypothesis and Data Types
- Testing of theory in the form of Hypothetical Testing
- Statistics fund like Estimation, Testing of Hypothesis and so on.
- Type of techniques to be used for various scenarios

Session 2: 11:45 am to 1:15 pm at Computer Lab-2

Topics Covered:

- Introduction to SPSS software
- Data structuring, Data Cleaning and Data Preparing
- Data Analysis with various techniques
- Data Management Techniques: Compute, Recode & Construct
- Data Export and Import

Session 3: 2:00 pm to 3:30 pm at Computer lab-2

Topics Covered:

- Testing of Hypothesis: Bi-variate Analysis, T-Test, Z-Test, Chi-Square and ANOVA Test
- Case study is taken and demonstrated in each technique
- Output collation and tabulations are explained
- Interpretation of result Analysis of each technique and discussed in detail.

Session 4: 3:45 pm to 5:15 pm

Topics Covered:

- Correlation & Regression as focal point for the session
- Assumptions of regression Analysis and its usefulness are demonstrated with live data
- Score prediction with the help of Regression and Out layer checkout
- Influential observation checking
- Strategies to control the errors in the Regression Model

DAY - 2

Session 1: 10:00 am to 11:30 am

Topics Covered:

- Introduction to Factor Analysis
- Application of Factor Analysis
- Distinction between Exploratory Analysis and Confirmatory Factor Analysis
- Discussion with participants and clarification of queries

Session 2: 11:45 am to 1:15 pm

Topics Covered:

- Introduction to AMOS(Analysis Moment of Structure) software
- Demonstration and usage of software and various icons with their uses
- Building blocks of SEM (Structural Equation Model)
- Purpose of SEM and how it is different from other statistical techniques

Session 3:2:00 pm to 3:30 pm

Topics Covered:

- Case study on CFA(Confirmatory Factor Analysis)
- Higher Education data set is used to execute the case
- Model identification, specification and execution using AMOS
- Role of Model testing and Modification Index

Session 4: 3:45pm to 5:15 pm

Topics Covered:

- Calculation of Reliability explanation and demonstration in MS-Excel 2007
- Nomological validity, Converged validity, Discriminant validity and Composite validity explanation
- Exploration of MS-Excel 2007 short keys
- Question and Answers/Discussion

Valedictory:

The Valedictory Programme commenced at 5:15 pm in First Floor Conference hall.Ms. Pushpa M gave the welcome address. Few participants shared their 2-day experience about the FDP and Director Sir distributed certificates to the participants. Resource person, Mr. Shankar addressed the participants and shared his views about the programme and also advised the participants to practice what they have learnt in these two days. Beloved Director Dr.T.V.Raju appreciated the initiative taken by the department and the co-operation given by the other faculty members for the success of the programme. Mr. N. Nagasubba Reddy proposed the vote of thanks.
