

2.3.2 IMPARTUS VIDEO CAPTURING SOLUTIONS USAGE REPORT

1 st March 2022 – 31 st AUG 2023	
Overall Summary	
Total Number of Students Registered on the Platform	360
Total number of professors registered on the Platform	31
Total number of lectures Scheduled	822
Total Number of lectures recorded with audio	496
% of Lectures with audio	60.34%
Total number of minutes watched by students	12420

upGrad Campus – RVIM

–Lecture Capture System Usage Insights

The objectives behind Installing LCS at RVIM:

RVIM was looking for an effective automated solution through which they can capture the sessions happening in the classroom so that they can address the below points.

- Access to recorded lectures and other study materials, providing students the ability to virtually relive their classroom experience, anytime anywhere.
- Helping the teaching faculties in improving and advancing their Teaching practices
- Having a platform where students and professors are connected beyond the classroom.
- Giving an opportunity to never miss a class to all the students where they can watch the classroom session several times from anywhere.
- Content creation and sharing among students.

Benefits to Institute Professors and Students:

- Automatic lecture capture with HD-quality Audio and Video
- Institute can serve wider audiences and share expertise through lecture-capture classrooms.
- Content creation which can be used as a digital library and Faculty Training
- Instructional feedback to the faculties to improve teaching practices (non-intrusive)
- For Students, improved performance, and deeper subject understanding
- Collaborative learning and increased engagement between students, professors, and management (upGrad Campus platform advantage)
- Never miss a class, web, and mobile access. Access anywhere anytime.

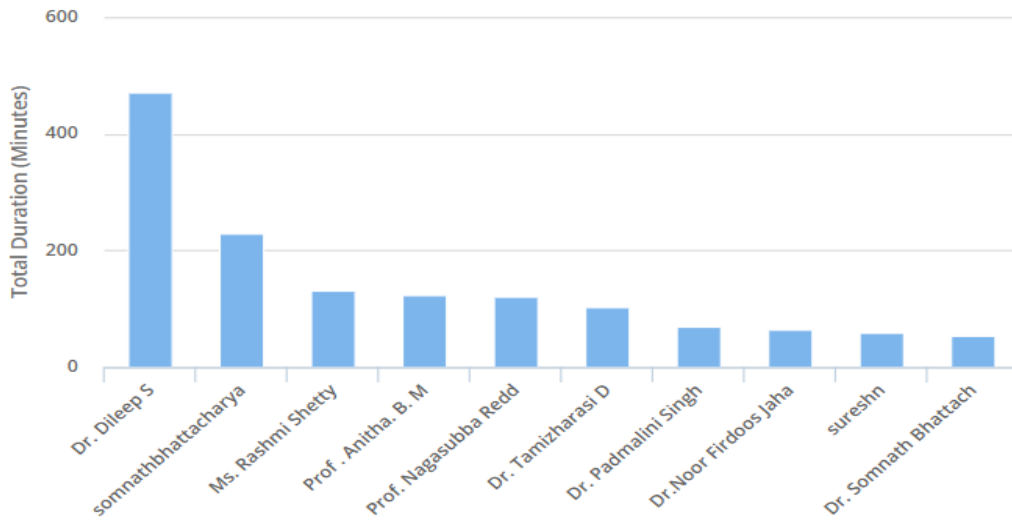

Background:

- upGrad Campus Lecture Capture Solution has been installed in **6 Classrooms at RVIM**.
- A total of **36 Professors** are registered on the platform.
- A total of **180 Students** are Registered in LCS of RVIM.

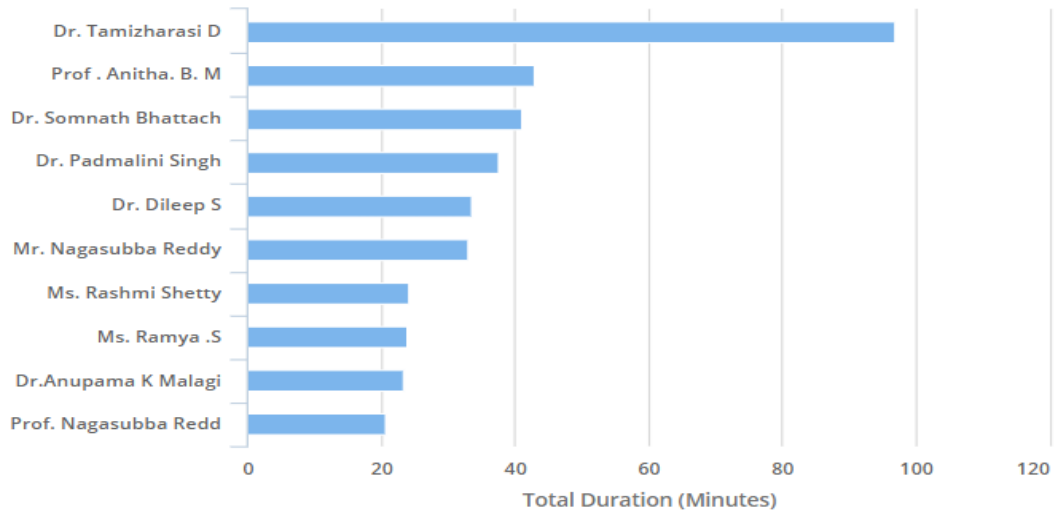

upGrad Campus LCS Analytics

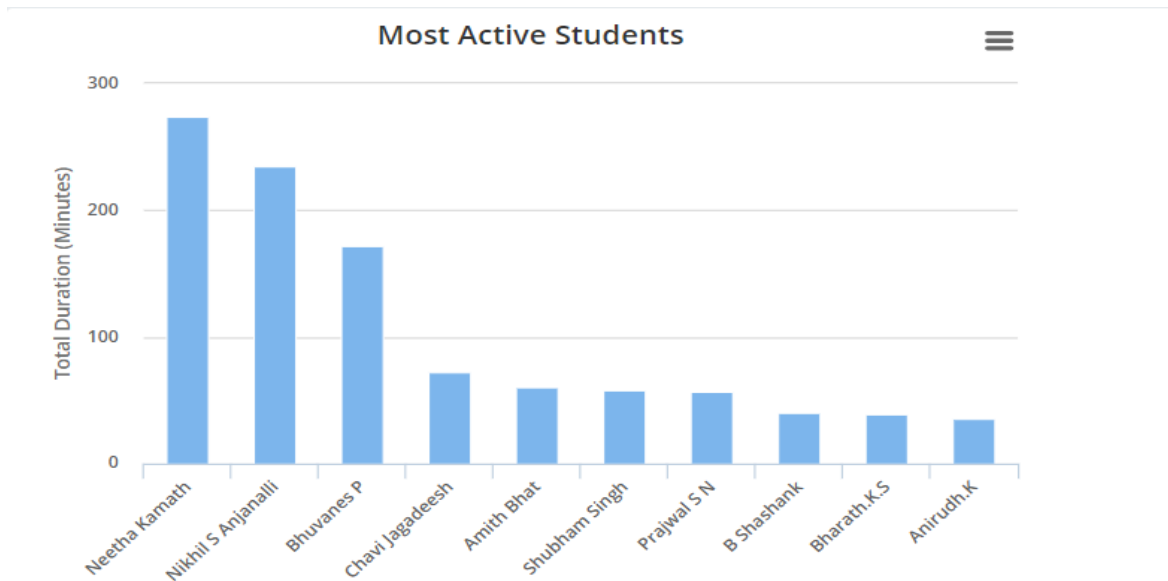

1 st July 2023 – 31 st July 2023	
Overall Summary	
Total Number of Lectures recorded	125
Total Number of lectures with Audio	121
Mic Usage %	96.8%
Total Number of lectures with Title	98
% of Lectures with Title	78%

Most Watched Professors

Most Active Professors

Conclusion:

The Success of LCS by upGrad can be clearly seen in the following points.

- In the last 1 month a total of 125 Lectures were recorded.
- Our professors have utilized the system well, as 96.8% of videos are complete in nature, i.e., Audio is present in the recordings and the lectures are properly captured.
