PREPARATORY EXAMINATION JULY 2020

Online Proctoring by RVIM staff

One area that gained significance in RVIM is the virtual proctoring space. After the e-learning concept for management students, the examination Committee brought in online video proctoring as a part of the preparatory examinations. The institute opted for online proctored test instead of classroom exams or non-proctored online tests.

Proctoring or Proctored Test is defined as a mechanism to ensure the authenticity of the test taker and prevent him/her from cheating via a proctor is present during the duration of the test.

Remote proctoring enables students to write a test online in a remote location, while maintaining the integrity of the test. Students must confirm their identity and they may be monitored through video.

The examination was based on the university pattern for 35 marks and 1.5hours duration. The student was allowed to use Smart phones and Laptop for the exam. Questions papers were collected from subject teacher and were sent to the students 10 minutes before the commencement of the exam. To facilitate exams WhatsApp groups were created for each class. Examination guidelines were sent in advance. Zoom links were posted 1 day prior to the exam.
