Dear R.V.Institute of Management,

Thank you for helping make World Animal Day such a success again on October 4!

Despite current social distancing challenges due to COVID-19, a huge number of events were added to the website, both virtual and offline!

Have you updated your event yet?

We'd love to hear how it went! If you haven't done so already, please complete the 'post-event summary' area of your personal event page, You'll find it near the bottom of the page - you can upload photos and even videos to your page!

Post-Event Summary
Please use this box to provide a post-event summary to tell the world about what you achieved for the animals.
Don't forget to upload images of your event into the Banner Slideshow facility on this page - and a YouTube video if available.

The image shows a rich text editor interface. At the top, there is a title 'Post-Event Summary' followed by instructions: 'Please use this box to provide a post-event summary to tell the world about what you achieved for the animals.' and a reminder: 'Don't forget to upload images of your event into the Banner Slideshow facility on this page - and a YouTube video if available.' Below the text is a toolbar with various icons for text formatting (bold, italic, underline, strikethrough), alignment (left, center, right, justified), list creation (bulleted, numbered), indentation, link, unlink, bookmark, image, video, and source code. Below the toolbar are dropdown menus for 'Formats', 'Paragraph', 'Times New ...', and '12pt'. Further down are icons for undo, redo, link, unlink, bookmark, image, video, and source code. At the bottom, there are icons for text color, background color, link, unlink, link, unlink, and a dropdown menu with 'ABC'.
