AMITY UNIVERSITY, NOIDA

AIMS National Management Week was launched in the first week of August 2012 as one of the social initiatives. It has been a big success during the last three years when quite a number of institutions performed the event with keen interest in contributing something to the society. It is going to be continued year after year. I exhort and request one and all to "Come together, Work together and Achieve together" the initiative undertaken by AIMS in the larger interests of the society as a whole.

Each participating institution should submit a report on the proceedings (in a PDF file), giving a brief account of the activities taken up during the specified period only, and the report should not exceed 20 (twenty) pages in double line spacing in Arial, Font 12, including some important photos.

Some of the suggested activities which can be taken up for the purpose are as follows:
