Respected Sir,

Sub: Requisition for the purchase of HP X360-14 laptops (4 numbers with i7 processor) for four labs  
(one for each lab) to teach Business Analytics related courses.

With reference to the above, I would like to bring to your notice that, we have started offering specialization in Business Analytics. As part of Business Analytics specialization we have started offering courses like;

- Predictive Analytics using 'R'
- Big Data Analytics using 'Hadoop'
- Data visualization using 'Tableau'

All these are lab driven courses and require high speed computing machines. Hence to begin with we would like to have 4 numbers of i7 laptops for our four labs so that illustrations by the trainer & teacher will be faster and we would be able to take it to class rooms as well.

We sought quotations, from the trust approved vendors. Comparison statement is also enclosed herewith for your reference.

For your kind consideration & approval.

Thanking you,

Truly yours
