- o **Basic Search**
- o **Advance Search**

Using any search option users can search the database and share required information to his email id and also make folders, and also make email alerts by choosen topic.

Searching company Profile, competitors, Company loss and Profit etc.

Searching the information by using Boolean operators AND, OR, NOT can be used * # etc.

And how to include citation directly in the project etc.

Conclusion: A quiz was conducted for students and prize were distributed to the winners. Over all it was very informative and knowledge session for the end -users. It is very much useful for students in their quest of data & information for their assignments, projects and research.
