INDUSTRY READINESS AND CARRER DEVELOPMENT PROGRAMME

The institute provides Career development programmes for the students of III semester mainly to enhance their existing knowledge and also to build up a stronger career in their respective discipline.

The programmes are designed in the areas related to

1. Career Development and pre placement Talks
2. Interactions with Corporate Trainers
3. Industry Mentorship
4. Faculty Career Counselling

1. **Career development** requires students to execute job searches, practice interview skills, and resume/cover letter building. Students and trainees must find a current job posting similar or related to their ideal career. Career development programmes will help the students to prepare a resume and cover letter specifically for that position and submit the same to the placement Department. Further, students can get the feel of “mock interview” for the current job opening. Students and trainees are able to obtain experience in critical areas and lesser known jobs. Informational interviews allow students and trainees to develop skills related to networking. Students are required to identify and contact an individual who currently has their ideal or similar career and perform an informational interview. Students are encouraged to ask about the necessary education and experiences required from an individual within their desired field. Not

Payal Khandelwal

only does the student learn about requirements for their ideal career from the interviewee, they are able to practice other skills related to professionalism including personal appearance, etiquette, and communication. Pre-placement talk is provided where in the representative from industry visit the campus and interact with the students. Generally 1-2 hours of interactions take place between the industry person's representatives and students

2. **Interactions with Corporate Trainer's** is generally arranged on Saturday's for the students where in trainers from service's industry interact with our students related to their chosen career.

3. **Industry mentorship** facilitates industry and Academia interactions. It also Understand the current trends & challenges in industry. Reinforce theoretical concepts with practical insights, analyse specific situations as a case study, suggest research based solutions, receive inputs for other professional programs being offered by academia. This is designed to give the students of RVIM the necessary exposure to the practical perspective and industry orientation which are essential in today's corporate environment, in order to help their smooth transition from the campus to the corporate world. Through this sessions, the students would be able to:

- Understand the various processes in the organization at the grass root level, i.e., the operational aspects.
- Develop the required expertise and suitability for corporate career.
- Develop a thorough understanding of how to portray themselves as thorough professionals.
- Develop industrial relevant competencies to help them perform well in their respective stream of work.

4. **Faculty Career Counselling** is given utmost importance in the entire academic process. The mentors meet the mentees at the regular intervals during the course of the programme to discuss career their aspirations, career goals. The mentor will provide all the knowledge and expertise in developing and shaping their mentees career.
