R V Institute of Management
Report on Workshop

Topic: Data Analytics: a Project Management Tool
Date: 31-10-2013
Venue: Computer Lab 3

Department of Systems Management organised a workshop for third semester **systems specialization** students on the topic **"Data Analytics: a Project Management Tool"**. **Dr. Padma Latha**, Professor, Dayanand Sagar Institute of Technology and Management, Bangalore, was the resource person for the three hours workshop. Welcome Address and Resource Person Introduction was given by Ms. Pushpa M, Faculty, Department of Systems Management.

Resource Person started the session with the brief introduction towards different types of research projects, where they can be used and then proceed with different Data types which include Nominal Scale, Ordinal Scale, Interval Scale, Ratio Scale and in which scenarios they can be used. She then continued with SPSS – Statistical Package for Social Science introduction, main purpose and functionalities of SPSS package. Resource Person also explained the Measurement of Differences like

1. Potential Error: Systematic Errors and Random Errors,
2. Sources of Errors: Respondent, situation, Measurer and measurement.

Valuable of reliability and the measures to be taken so as to reach the same was also explained clearly. Madam clearly explained each and every tab in the package like normality, central data and so on. Entire sessions main theme was to help the students in their dissertation period.

Session ended with few questions posed by students. Students were satisfied with the session and the feed back was really good. Mr. Nagasubba Reddy, Asst. Professor, Department of Systems Management proposed vote of thanks by felicitating the resource person with a momentum.
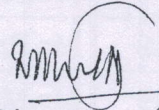

Date: 29.10.2013

R V Institute of Management
Report on Guest Lecture

Topic: Advanced MS-Excel 2007

Resource Person: Mr. Shankar M

Date & Time: 09-11-2013, 2:30pm – 4:30 pm

Venue: Computer Lab 2, RVIM

Depart of Systems Management conducted a Guest Lecture for III semester Systems specialization students on the topic "Advanced MS-Excel 2007". Resource for the same was Mr. Shankar M Mepparambath, Corporate Trainer, Bangalore. Programme started with the welcome address by Ms. Pushpa M, Asst. Professor, Department of Systems Management.

Mr. Shankar covered the below mentioned topics:

➢ Cell Freezing
➢ Cell Reference
➢ V-Lookup
➢ H-Lookup
➢ Graphs – Relation between X-axis and Y-axis
➢ Nested IF
➢ Basic Filters
➢ Formulae usage

Session was more interactive and completely practical oriented. Main objective of the programme was to help the students in their placements. Students were very much satisfied and the feedback was good. Mr. N NagaSubba Reddy, Assistant professor, Department of Systems Management proposed vote of thanks.

R V Institute of Management
Report on Workshop

Topic: System Application Products in Data Processing - SAP

Resource Persons: Mr. Manoj, FICO Consultant,

Ms. Arti Deshpande, ABAP Consultant and Corporate Trainer

Date & Time: 28-12-2013, 12:00 noon – 3:30 pm

Venue: Seminar Hall, RVIM

Objective: Main Objective of this workshop is to create awareness about SAP and various opportunities available in SAP.

Department of Systems Management conducted a Workshop for I semester Section A, B, C and D students on different modules of SAP. Programme started with welcome address by Mr. Nagasubba Reddy, Asst. Professor, Department of Systems Management. Mr. Manoj, SAP-FICO consultant started the session and covered the following topics:

- Need for Integrated Automated Software
- ERP Introduction
- Emergence of Technical, Functional and Techno-functional automation in Business operations
- ERP benefits with few real time Business Operation examples
- Three Real Time Tires of SAP – R/1, R/2 and R/3
- Benefits and Usage of ERP in Automated Business Process
- Importance of SAP – Finance and Control (FICO) Module
- Role played by FICO Module in Business Operations.

1

Ms. Arti Deshpande continued the session and covered the following topics:

- Introduction to Database Servers and Presentation Servers
- Introduction to SAP
- SAP Architecture
- Importance of SAP
- SAP R/3 importance
- Importance of SAP-ABAP(Advanced Business Application Programming)
- Inter-relationship between ABAP and other modules in SAP
- ABAP mini project explanation with various T-Codes(Transaction Codes)

Session was very interactive and students were thoroughly made aware about: opportunities in SAP for Management students, importance of SAP certification, Which SAP module have more requirement, various Technical, Functional and Techno-functional modules can be preferred and so on. Students were very much satisfied with the inputs given and the feedback was found to be very good. The session concluded with vote of thanks proposed by Ms. Pushpa M, Asst. Professor, Department of Systems Management.

Ms. Arti Deshpande delivering lecture on the topic SAP

R V Institute of Management
A brief report on Workshop

Topic: MS-Excel 2007

Resource Person: Mr. Shankar M,

Synthesis Solutions,

Bangalore.

Date & Time: 26-05-2014, 2:15 pm – 5:30 pm

Venue: Computer Lab – I & II, RVIM.

Department of Systems Management, Centre for Information Technology conducted a workshop for second semester section 'A' and section 'B' students on 26-05-2014 between 2:15 pm to 5:30 pm. Mr. Shankar, Corporate Trainer in various Research software like SPSS, AMOS, expert in research Data Analysis, statistics, MS-Excel 2007 was the resource person for the Programme.

Main objective of the workshop was to create awareness about MS-Excel and its usage in different scenarios. This workshop enables students to meet corporate expectations and will be an added advantage for their placements.

The programme started with a welcome address given by Ms. Pushpa M, Asst. Professor, Department of System of Management. Resource person then continued the session and covered the following topics:

1. Data Types
2. Data type conversions
3. Counting No. of days between 2 Dates
4. Cell alignments
5. Cell formatting
6. Cell Freezing
7. Shortcut keys: Shift+ctrl+1 to Shift+ctrl+7 and so on
8. Secondary axis

A Brief Report on Seminar

Topic: CISCO Security Methods

Resource Persons: 1. Mr. Arun Kumar A, Technical Trainer

                   Net Soft Gyan Pvt. Ltd., Bangalore

            2. Mr Naveen, Technical Trainer

                   Tescra Solutions, Bangalore

Date & Time: 10-05-2014, 2:00 pm – 5:30 pm

Venue: Digital Library, RVIM

Objective: Main objective of this seminar is to create knowledge on various Security methods adopted by CISCO

Department of Systems Management conducted a Seminar for IV semester Systems Specialization students. Mr. N. Nagasubba Reddy, Asst. Professor, Department of Systems Management coordinated the entire event. The programme started with welcome address by Ms. Pushpa M, Asst.Professor, Department of Systems Management.

Mr.Arun Kumar started the session and covered the following topics:

1. Networking Meaning, definition, usage, types, protocols & standards.
2. Concepts: Configurations, Client/Server Model, Topologies, Transmission Modes & Inter Networks.
3. Network Devices: NIC, Repeaters, Hubs, Bridges, switched networks, layers in which they operate switches & types of broadcast.
4. OSI Model: 7 layers, Layered approach, Design issues, Network complexities, protocols used, Network architecture & functions of different layers.
5. Routed Protocols: Meaning, functionality, goals, categories, VLSM, Static and Dynamic routing, Gateway protocols, administrative distances, timers & CCNA Level RIP.

The session was more practical oriented. Students gained lots of real time practical knowledge in Security methods adopted by CISCO. The resource person also cleared many of the students' doubts that include the approach of Certification in Security Methods, job description, opportunities, career scope, levels in the course and so on. Students were satisfied with the inputs given by the resource persons and the practical knowledge gained in the session. Feedback from the students is found to be good. Ms. Pushpa M proposed the vote of thanks.

Topic: Advanced e-Commerce-Technology and Management

Resource Person: Ms. Archana & Mr. Amar

Date: 27th June, 2014

Venue: Computer Lab 2, RVIM.

Department of Systems Management conducted a workshop for final semester Systems specialization students on the topic "e-Commerce-Technology and Management" on 27th June 2014 between 2:15 pm to 5:15 pm. Resource persons for the workshop were Ms. Archana, International Sales Team Leader, Capillary, Bangalore and Mr. Amar, International Sales Team Leader, Capillary, Bangalore. Ms.Pushpa M Asst.Professor R.V.Institute of Management gave the welcome address. Topics covered in the session were:

1. Introduction to e-Commerce: Fundamentals, Business applications, Supply Chain Management, Payment & Security methods.

2. Digital Marketing:

3. E-Commerce Trends video posted by Google research in 2012

4. Forms of e-Commerce: E-Tailing through websites, M-Commerce(Mobile transactions and facilities), S-Commerce (Social Commerce advantages and Disadvantages), T-Commerce (Buying and Selling of goods and services using Television)

5. Retailing in e-Commerce with examples

6. E-Business models and techniques: Deals websites, online subscription, e-Retailing, Exclusive branch store, market place

7. Technology behind e-Commerce: Search engine, Social media, Multi channel engagement and so on.

8. E-Commerce Framework: Infrastructure, Product innovation, CRM, Financial aspects and so on.

9. Activity by students: Osterwalder Business Model

10. E-Payment Methods: Debit / Credit card, e-Cheque, e-Cash, e-Wallets, COD(Cash on delivery) and e-Payment threats.

    The workshop concluded with the vote of thanks proposed by Mr.Nagasubba Reddy N Asst.Professor , R.V.Institute of Management.
