### NBA Week

Formal recognition of the quality of an educational program /Institution by an external independent agency on the basis of impartial assessment on the basis of well-defined criteria is called as Accreditation. It is a kind of recognition which indicates that a programme or Institution fulfills certain standards. NBA is one of the body in India who involves in accrediting the courses.

Till recently NBA was for input – output based accreditation, now it has switched over to outcome based accreditation.

Outcome based education is student centered learning method that focus on measuring student performance i.e. Outcomes. Outcomes may include a range of skills and knowledge. Outcome based accreditation – focus remains on evaluation of outcomes of the Program, though Input and Output parameters are also looked into.

In this view Dr. Noor Firdoos Jahan, Coordinator, NBA Committee of RVIM organized a series of brain storming sessions to understand, discuss and deliberate on various parameters of outcome based education process during NBA week from 2nd July 2018 to 13th July 2018 at 3:00 pm to 5:00 pm at the MDP cell of the institute. The Aim of the NBA week was to define the Graduate attributes, Programme Educational Objectives and Programmes outcome of our MBA programme. Dr. Purushottam Bung, Director of RVIM and All other faculty members of the institute actively participated in the session and has given their valuable inputs during the process.

After a lot of discussion and deliberation on the same we decided and finalized Graduate attributes, Programme Educational Objectives and Programmes outcome of our MBA programme. Later on to take inputs from other stake holders we presented it to the governing council of our college to take their inputs on the same. The Governing council of our institute consists of representative from University, Management, Students, Alumni and parents. Made all the changes in the same after getting the inputs from the members of Governing Council during the annual Governing council meet held at the institute on 11th July, 2018.

During this week on 12th July 2018, we invited Mr. J R Sharma, Consultant for Accreditation of Higher education in India and abroad to add value to this deliberation and give his input on improving the Graduate attributes, Programme Educational Objectives and Programmes outcome of the MBA programme. After incorporating the changes suggested by Prof. Sharma, we finalized the Graduate attributes, Programme Educational Objectives and Programmes outcome of the MBA programme.

After finalizing this we went one step ahead and decided to work on Course outcome attainment level of faculty. Mr. Dileep, Assistant Professor Dept. of Finance develop and brought out an

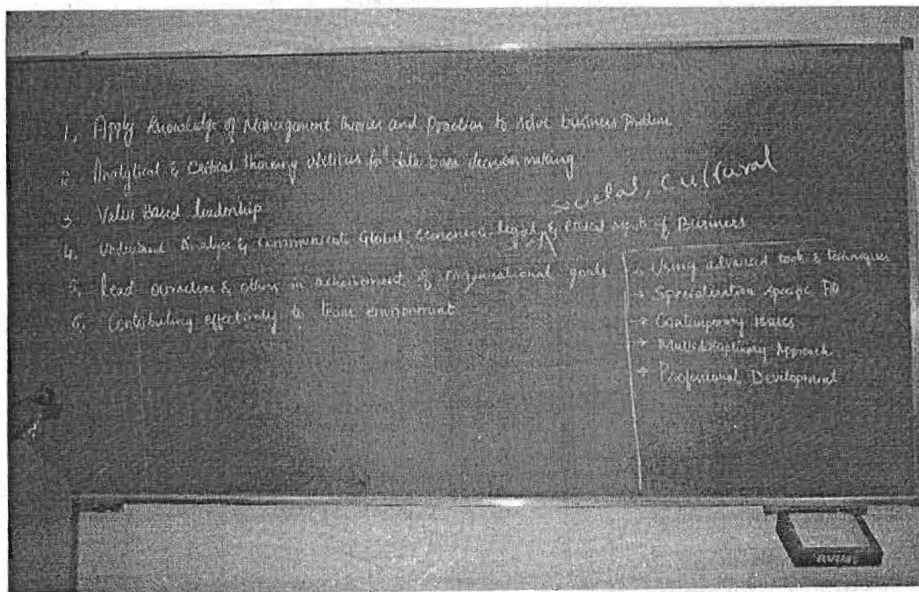

excel sheet to measure the same. He presented it to all the faculty members on 13th July, 2018 at 3.00 pm in MDP cell. We had a very good discussion on the same and process was well taken by all of us and sheet is sent to all the faculty members to measure their course attainment.

Overall the NBA week was quite fruitful exercise.
