Dear Sir/Madam ,

Symposium on Business Analytics and Intelligence

Date: 23-24, June 2018

Venue: Indian Institute of Management, Bangalore

Greetings from IIM, Bangalore!

The role of analytics in solving business problems has increased manifold in recent years. Analytics and Big Data Technologies have become a competitive strategy for many companies. The Data Centre and Analytics Lab (DCAL) at IIM Bangalore provides a platform for Analytics and Big Data professionals to create and disseminate knowledge in the field of Analytics.

DCAL is organizing a symposium on Business Analytics and Intelligence on 23rd & 24th June 2018. As a part of the Symposium, 80+ working professionals and students from our programme in Business Analytics and Intelligence (BAI) – Batch 8 will be presenting their projects in the analytics domain. These projects have been undertaken in collaboration with various organizations on real-life problem/data. This year's symposium will see 19+ different projects across 7+ sectors being presented detailing the problem statement, approach, outcome and impact.

This symposium is an apt platform to understand applications of Analytics and Big Data in various disciplines of management and how they are being used for solving domain and sector specific problems.

There are two Pre-Symposium workshops on Machine Learning using R and Deep Learning scheduled on the 21st & 22nd of June 2018 as parallel events.

Registration:

Please submit your nomination for the symposium/workshop using the links below.
