Various topics covered in the course duration were as follows:

SAP-FICO

1. Introduction
2. Enterprise structure ,Financial accounting global settings
3. General Ledger accounting ,Accounts receivable and payable
4. Bank accounts , Bill Exchange , VAT calculations
5. Foreign currency asset accounting , New GL Accounts , Financial Statement versions
6. Reports and controlling

SAP-SD

1. Sales overview
2. Enterprise structure related to SD
3. Master data, like Customer master data, material master data, condition master data and Output master data.
4. Partner determination ,Sales document types, Item categories
5. Schedule line categories, Pricing: Condition table, access sequence, Condition type, pricing procedure
6. Stock Posting, Free goods, Bills of Material
7. Material determination, Material Listing and Exclusion
8. Incompletion logs, Revenue account determination & Credit management
9. Outline agreements like quantity contract, value contract and scheduling agreements
10. Shipping process like Shipping point determination, Route determination, Shipping conditions picking, PGI, Delivery types, Delivery item categories, Invoice process
11. Billing types: Special sales processes like cash sales, rush orders ,consignment process and Third party process
12. Return sales process, Credit memo process ,Debit memo process
13. Availability check, Rebate processing, Intercompany sales, determination
14. Copy control, Integration with MM,FI

Report on Seminar

Topic: IT Trends in Management

Resource Persons: Mr. Vijay Kumar H V, Mr. Supreeth H R & Mr. Basavaraj N

Date & Time: 15-10-2014, 2:00 pm – 5:00 pm

Venue: Seminar Hall, RVIM

Department of Systems Management and Department of General Management organized a seminar for I semester students (A, B, C & D sections) on the topic “Trends in IT” on 15th October, 2014. Main objective of the seminar is to create awareness about importance of technology in Management and various opportunities for management students in IT sector.

Programme started with a silent prayer and continued with the welcome address given by Mr. N Nagasubba Reddy, Department of Systems Management. Experts in various SAP modules were invited as resource persons for the programme and details are as follows:

Session 1:

Resource person was Mr. Vijay Kumar H V, ABAP consultant with 8 years of rich experience and working for a Multi National Company in Bangalore. Mr. Vijay covered the below topics:

- Meaning and importance of ERP
- Various companies implementing ERP software
- Inception and brief history of SAP
- How and Why SAP stands as worlds best ERP Software
- 3 tier architecture of SAP
- Various Modules in SAP and on what basis they are segregated
- Channelized partners of SAP
- SAP Landscape

Session winded with Question and Answers where students doubts regarding opportunities for Management students in SAP were cleared.

Session 2:

Resource person was Mr. Supreeth H R , BI consultant with 7 years of experience and working for a Multi National Company in Bangalore. Topics covered are as follow:

- Various Technical Modules and their functionality in SAP
- Techno functional modules of SAP and how it is unique from other modules functionality
- Functional modules of SAP and how is the job market for those modules
- Brief history of BI, its importance and the main purpose of BI
- Where BI is used
- How BI meets user requirements and stands one among top 10 business & technology priorities for 2014

Session wined up with question and Answers regarding the time duration, fee structure for certification of various SAP Modules and the importance of IDES server.

Session 3:

Resource person was Mr. Basavaraj N , Senior SAP consultant in a Multi National Company, Bangalore, with 23 years of experience and expertise in various SAP modules like FI, CO, SD, MM and PP.

Topics covered are as follow:

- Role of technology in Management
- Purpose of legacy system
- Replacement of Legacy System to various ERP software
- Scenario for the Legacy system replacement to SAP
- SAP implementation in various organizations
- Technology helps management by providing various options in SAP
- Complete business flow which covers the importance of various SAP modules

Vote of thanks was proposed by Dr. Noor Firdoos from Department of General Management. Programme was compeered by Ms. Pushpa from Department of Systems Management.

SAP Certification Report

Centre for Information Technology conducted Certification course on various modules of SAP (System Application and Process in Product Designing – HR (Human Resource), SD (Sales and Distribution) and FICO (Finance & Controlling) for MBA second year students. Resource persons are as follows:

Ms. Priya, HR Consultant in an MNC, Bangalore with 7 years of experience

Mr. Ganeshan, FICO Consultant in an MNC, Bangalore with 3 years of experience

Mr. Manjunath V, SD Consultant in an MNC, Bangalore with 4 years of experience

The course was held during the period between 18-09-2015 and 18-01-2016 with the duration of 45 hours where the resource persons covered theory and practical part of various SAP Modules. External link was provided for the students for their practical knowledge. Students were allowed to use the link for one year from any network (even from home). The total number students in the certification course as given below:

SI.No	Module	Number of students
1	SAP-FICO	25
2	SAP-SD	08
3	SAP-HR	04
Total		37

Handwritten signature in blue ink.

Various topics covered in the course duration were as follows:

SAP-FICO

1. Introduction
2. Enterprise structure ,Financial accounting global settings
3. General Ledger accounting ,Accounts receivable and payable
4. Bank accounts , Bill Exchange , VAT calculations
5. Foreign currency asset accounting , New GL Accounts , Financial Statement versions
6. Reports and controlling

SAP-SD

1. Sales overview
2. Enterprise structure related to SD
3. Master data, like Customer master data, material master data, condition master data and Output master data.
4. Partner determination ,Sales document types, Item categories
5. Schedule line categories, Pricing: Condition table, access sequence, Condition type, pricing procedure
6. Stock Posting, Free goods, Bills of Material
7. Material determination, Material Listing and Exclusion
8. Incompletion logs, Revenue account determination & Credit management
9. Outline agreements like quantity contract, value contract and scheduling agreements
10. Shipping process like Shipping point determination, Route determination, Shipping conditions picking, PGI, Delivery types, Delivery item categories, Invoice process
11. Billing types: Special sales processes like cash sales, rush orders ,consignment process and Third party process
12. Return sales process, Credit memo process ,Debit memo process
13. Availability check, Rebate processing, Intercompany sales, determination
14. Copy control, Integration with MM,FI

SAP-BI

1. Modelling:

Report on SAP Certification Course Inauguration

Date & Time: 18-09-2015, 9:00 am – 11:00 pm

Venue: Computer Lab 1, RVIM

Department of Systems Management offered SAP Certification course for all third semester MBA students according to their specialization in different SAP modules with SAPTAC. Total 37 students registered out of which 25 students registered for SAP FICO, 08 students registered for SAP SD and 4 students registered for SAP HR modules. Inauguration for the Certification course was on 18-09-2015, 9:00 am in RVIM Computer Lab 1. Resources persons from SAPTAC were invited for the programme and their details include:

Ms. Priya, HCM Consultant in an MNC, Bangalore with 7 years of experience

Mr. Ganeshan, FICO Consultant in an MNC, Bangalore with 3 years of experience

Mr. Manjunath V, SD Consultant in an MNC, Bangalore with 4 years of experience

Mr. N Nagasubba Reddy, Assistant Professor, Department of Systems Management, introduced resource persons to the students and the sessions started. All the resource persons covered few areas in the session which include: Importance of each module, how each module is interrelated with each other, terminology used in SAP, business terminology, where each module helps in daily business, role of each module and so on. Students cleared their doubts from resource persons regarding importance of each SAP module and how it is relevant to their specialization. Vote of thanks was proposed by Ms. Pushpa M, Assistant Professor, Department of Systems Management.
