

RVIM Centre for Social Responsibility

Report Title

CYCLING on World Environment Day

June 8, 2022

Scheme

UN SDG 13

Impact

Sustainable Development Goals (SDGs) make the future safe for the next generation. This programme has brought in a compelling need to protect the environment by adopting REUSE and RECYCLE

World Environment Day (WED) is celebrated on June 5 every year. As a part of WED the students participated in the Cycling AROUND THE CITY with the theme THINK REUSE AT EVERY STEP BEFORE THROWING.

Ten member team went through the city traffic and visited BBMP Waste Segregation & Recycling Unit and BWSSB Rain Water Harvesting Unit.

The focus was on Awareness at Public Place through Banners and Interaction with the general public during the course of cycling.

The entire programme was pinned on Sustainable Development Goals and specifically to SDG 13 CLIMATE ACTION.

Sustainable Development Goal 13 (SDG 13 or Global Goal 13) is about climate action and is one of 17 Sustainable Development Goals established by the United Nations General Assembly in 2015. The official mission statement of this goal is to "Take urgent action to combat climate change and its impacts". SDG 13 has five targets which are to be achieved by 2030.

Subject: Jal Shakti Abhiyan: Catch The Rain — 2022- Regarding
To: <rv@rvei.edu.in>

Dear Sir/Madam,

Greetings from All India Council for Technical Education, New Delhi!

As you are aware that the Government of India implemented the Jal Shakti Abhiyan to create awareness and bring together all stakeholders in a mass movement to conserve and recharge water. Water conservation and recharge is of utmost importance to ensure water security for our country to protect lives and livelihoods. Ministry of Jal Shakti has proposed implementation of "Jal Shakti Abhiyan: Catch The Rain-2022". The campaign is to be implemented with the theme "Catch the Rain, where it falls, when it falls" from the end of March to 30.11.2022.

The recommendations for the implementation of the campaign are.

1. Water conservation and rainwater harvesting
2. Renovation of traditional and other water bodies / tanks
3. Reuse, borewell recharge structures
4. Watershed development

The campaign may be given wider publicity by disseminating the information on the institutes websites / social media of the HEIs.

The AICTE Approved Institutions are requested to upload the action plans and activities on the EBSB portal <https://ekbharat.gov.in/> to promote "Jal Shakti Abhiyaan". They are further requested to submit the latest status on action(s) taken for creation of water conservation structures in their buildings and campuses and programs/events initiated for awareness among the students about water conservation & rainwater harvesting

Note: You are requested to send us participation information from your esteemed institution PI find attached herewith Google form to send us information.
