Ref. No :- 034/RVIN/MBA/2023-24

Date: 21.04.2023

Respected Sir,

Sub: Request to replace old BPS 30 KVA UPS and 6EL 75 Exide batteries with 40 KVA UPS and Exide 130 AH 6EL batteries – 30 No's

With reference to the above, I wish to bring the following to your kind attention:

On July 11, 2005 the Institute has purchased BPS 30 KVA UPS from Bangalore Power Supplies & Controls (17 years, 9 months) and on 15th November, 2016 the Institute has purchased 6EL 75 Exide batteries 30 Nos from Total Power Conditioners Pvt.Ltd. (6 years, 4 months old). Presently, the above 30 Nos. of batteries and 30 KVA BPS UPS have been kept in Ground floor and plugged in the computer labs SSMRV College (Temporary).

As per the service report from TPC/BPS 30 batteries are not functioning which causes the UPS to trip frequently and transformers in the UPS are burnt. For smooth running of practical classes at computer labs, I request your good self to grant permission for the purchase of the Exide tubular batteries 30 Nos. of 130 AH 6EL with 2 hours' backup and 40 KVA UPS. Please find enclosed the service reports, quotations from TPC/BPS and comparative statement for your kind perusal. Kindly do the needful and oblige.

Thanking you,

Yours faithfully,

Submitted to

The Hon. Secretary, RSST

For kind consideration and approval

With respects,

Dr. Purushottam Bung
Professor and Director

Signature

Sir,
The existing BPS 30KVA₁ with 30 batteries has become defunct and the transformer got burnt. Service report of the TPC & BPS is enclosed for your reference. Both of them are suggesting replacement. Sought quotation from both of them & forwarding it to you for needful action in this regard.
For your kind consideration & needful action.
