

Title: Student Research Symposium – ANVESHAN 2025

Date: 08/05/2025

Venue: RVIM, Bangalore

Time: 9AM – 5PM

Event : Student Research Symposium

No. of Participants: 250

**Event Coordinators: Dr Tamizharasi, Dr
Jahnvi and Dr Krithika J**

Objectives of the Event

The primary objectives of the Student Research Symposium “ANVESHAN 2025” were:

- To encourage a strong research culture and innovative thinking among students.
- To provide a platform for students to present and discuss research ideas, projects, and findings.
- To bridge the gap between academic research and industry practices through expert interaction.
- To expose students to emerging trends in digital transformation, financial technology, and startup ecosystems.
- To enhance students’ understanding of industry expectations, problem-solving approaches, and applied research methodologies.

Brief Description of the Event

The Student Research Symposium “ANVESHAN 2025”, held on 08 May 2025, was a knowledge-driven academic event aimed at nurturing research aptitude and innovation among students. The symposium served as a platform for students to showcase their research work, exchange ideas, and gain insights from industry experts.

The event featured expert sessions by eminent professionals from the technology and finance domains, who highlighted the importance of applied research, digital innovation, and data-driven decision-making in today’s dynamic business environment. Interactive discussions, real-world case illustrations, and practical insights helped students understand how academic research can be translated into impactful industry solutions.

The symposium successfully created an intellectually stimulating environment, fostering curiosity, analytical thinking, and interdisciplinary learning among participants.

Brief Profile of the Resource Persons**Mr. Vinod Iyer – INube Solutions**

Mr. Vinod Iyer is a seasoned professional associated with INube Solutions, with extensive experience in technology-enabled business solutions and innovation-led consulting. During his session, he emphasized the role of research in driving digital transformation and problem-solving in organizations. He shared practical insights on how students can align their research projects with real-time industry challenges, highlighting the significance of analytics, technology adoption, and innovation.

Mr. Srikanth – CEO, Digital CFO

Mr. Srikanth, CEO of Digital CFO, is a finance and strategy expert with deep exposure to digital finance solutions, startup advisory, and financial transformation. His session focused on the evolving role of finance professionals, the impact of digital tools in financial decision-making, and the importance of research in fintech and financial analytics.

Outcome Attained:

- Students gained clarity on industry-oriented research and technology-driven innovation.
- Enhanced understanding of applying research outcomes to practical business problems.
- Motivation among students to pursue research with real-world relevance.
