

RVIM Centre for Social Responsibility

Report Title

**UBA Rural Immersion-World Health
Day to World Earth Day**

April 2022

Scheme

Unnat Bharat Abhiyan and Paryavaran Vahini
Scheme

Impact

Exposure to rural environment is an essential requisite in all Unnat Bharat Abhiyan programmes. This programme provided ample opportunity for all the students to visit the villages and understand the problems and challenges faced by residents. In many a case such efforts leads to problem solving and developing innovative mindset. Along with all these every students enhanced their social skills and experienced the empathy factor.

The **Paryavaran Vahini Scheme** was launched in June, 1992 with the basic objective of encouraging people's participation in environmental protection. The salient features of the Scheme are to create environmental awareness and involve people through active participation and reporting of illegal acts pertaining to forests, wildlife, pollution, environmental degradation and cruelty to animals. The Vahinis are also expected to give feedback regarding afforestation and survival of plants and monitoring of ambient air and water quality including vehicular pollution.

The Mission of **Unnat Bharat Abhiyan** is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

The programme provided the objectives and mission of various schemes and the awareness of using mobile phones to consult the doctors online by using Government App e Sanjeevani.

The participation in the programme was very encouraging and the students and residents of the villages shared the common issues related to health and the need to keep the surroundings clean in the prevention of spread of diseases. The programme had stages of implementation and commenced from planning stage.

Program Brief

The student volunteers had to visit the Gram Panchayat Office, Health Department Offices and local schools to brief about the rural visit programme, teleconsultation awareness and village survey and other relevant information. Later to that door to door visits were conducted in every village by the teams consisting of 3- 5 volunteers.

The functioning of e-Sanjeevani OPD, a teleconsultation app was explained with a mobile phone. The first time registration in the portal was guided through. Also

posters were used for providing visual display. The local authorities, Anganwadi, schools and Asha Karyakarthas provided their support.

Around 100 members in each village was covered on an average with 500 beneficiaries during the entire course of programme with 20 students participation and 3 Staff members support.

Impact

Exposure to rural environment is an essential requisite in all Unnat Bharat Abhiyan programmes. This programme provided ample opportunity for all the students to visit the villages and understand the problems and challenges faced by residents. In many a case such efforts leads to problem solving and developing innovative mindset.

Along with all these every students enhanced their social skills and experienced the empathy factor.
