No. of Participants: 62	**Event Coordinators: Finance Department**

Objectives of the event:

The Department of Finance organized the guest talk with the objective of improving financial awareness and promoting financial well-being among non-teaching staff and Group D employees. The programme aimed to provide practical guidance on managing personal finances and planning for a financially secure future.

The specific objectives were:

- To create awareness about the importance of financial planning in daily life.
- To encourage systematic savings and responsible spending habits.
- To educate participants about banking services, insurance, and retirement planning.
- To enhance understanding of personal financial security and family financial management.
- To promote informed financial decision-making and financial discipline.
- To create awareness about safe investment practices and protection from financial fraud.
- To support the overall well-being of employees through improved financial literacy.

Brief description of the event:

As part of World Investor Week 2025, the Department of Finance, RV Institute of Management, in association with Central Depository Services (India) Limited (CDSL), organized a guest talk on "Secure Future: Personal Finance & Well-Being" on 10 October 2025.

The programme was conducted exclusively for the non-teaching staff and Group D employees of the institution. The session focused on helping employees understand the importance of financial planning and developing good financial habits that contribute to long-term security and peace of mind.

The resource persons explained the importance of preparing a household budget, maintaining regular savings, and managing expenses effectively. Participants were encouraged to plan their finances carefully to meet family needs, children's education expenses, healthcare requirements, and future responsibilities.

The speakers highlighted the importance of maintaining an emergency fund and choosing suitable insurance coverage to safeguard families during unexpected situations. They also discussed retirement planning and the need to prepare financially for life after employment.

The session created awareness about various banking services and financial products available to individuals. Practical guidance was provided on identifying genuine financial opportunities and avoiding fraudulent schemes and misleading investment offers.

A significant part of the discussion focused on the relationship between financial stability and personal well-being. The speakers emphasized that sound financial management helps reduce stress, improve confidence, and contribute to a better quality of life for employees and their families.

The programme concluded with an interactive discussion where participants raised questions related to savings, pensions, insurance, banking services, and financial planning. The resource persons addressed the queries with practical examples and useful suggestions relevant to everyday financial situations.

The session was highly appreciated by the participants for its practical relevance and usefulness in managing personal and family finances.

Brief profile the Resource person(s):
