- LLCs, foreign partnerships with income in the U.S., and nonprofit religious organizations.
- Schedule K-1. U.S. Internal Revenue Code ,

Take away key factors for students:

- ❖ **Power B sessions** were handled by Prof. Priya Jain and Prof. Nagasubba Reddy from RVIM, Bengaluru. Power BI is a business analytics service by Microsoft. It aims to provide interactive visualizations and business intelligence capabilities with an interface simple enough for end users to create their own reports and dashboards.

As part of EY ITTC course out students have undergone the course on Power BI. During the course they learned how to make use of different charts and visuals to make the reports more attractive for example the use of KPI's, Heat Map, Line charts, Ribbon chart and many more. Several financial analyses were also done by students using Power BI like calculation of moving average of the stock price, evaluating the stock on the basis historical prices and also predicting the future price of the stock. Students have also learned how to make different tables and build relationship between each table.

At the end of the course students were asked to make interactive dashboards and submit as a part of evaluation process.

- ❖ **US Corporate Tax sessions** were handled by Prof. Dileep, Finance department from RV Institute of Management, Bengaluru for 3rd sem. MBA students (2019-21 batch)

C Corporations: C corps is separately taxable entities. They file corporate tax return (Form 1120) and pay taxes at corporate level. They also face the possibility of double taxation if corporate income is distributed to business owners as dividends which are considered personal taxable income. Corporate income tax is paid first at the corporate level and again at the individual level on dividends.

S Corporations: S Corps is pass-through taxation entities. They file an informal federal return (Form 1120S), but no income tax is paid at the corporate level. The profits/losses of the business are instead "Passed-through" to the business and

reported on the owners' personal tax returns. Any tax due is paid at the individual level by the owners.

- ❖ **Individual Taxation:** The students learnt United States tax on its citizens and residents on their worldwide income. Non-resident aliens are taxed on their US-source income and income effectively connected with a US trade or business (with certain exceptions). For individuals, the top income tax rate for 2021 is 37%, except for long-term capital gains and qualified dividends. Dividend income is indeed taxable. The tax rate on dividends, however, is dependent on a number of factors, including individual taxable income, the type of dividend, and the kind of account that holds the investment. This means that the amount of the tax that individual owe on dividends can vary. Qualified dividends are taxed at 0%, 15%, or 20%, depending on individual income level and tax filing status. Ordinary (non-qualified) dividends and taxable distributions are taxed at individual marginal income tax rate, which is determined by individual taxable earnings.

- ❖ **Partnership taxation:** students learnt the purposes of the U.S. Federal income tax are codified according to Subchapter K of Chapter 1 of the U.S. Internal Revenue Code (Title 26 of the United States Code). . Flow-through taxation means that the entity does not pay taxes on its income. Instead, the owners of the entity pay tax on their "distributive share" of the entity's taxable income, even if no funds are distributed by the partnership to the owners. Federal tax law permits the owners of the entity to agree how the income of the entity will be allocated among them, but requires that this allocation reflect the economic reality of their business arrangement, as tested under complicated rules.

Feedback of Students: All participants enrolled and participated have appreciated certification course. They wished to have more and more sessions like this to share experiences and knowledge pertaining to US Taxation and felt it as an informative course.

Ref No. 056/RVIM/MBA/2020-21

Date: 25-06-2020

The Hon. Secretary,
RSS Trust,
II Block, Jayanagar,
Bangalore

Respected Sir,

Sub: Executing Agreement between RV Institute of Management and Ernst and Young LLP

With reference to the above subject, we would like to invite your attention towards the fact that, Ernst and Young LLP have approached us to train our students in the area of "International Taxation and Technology" course for 9-12 months and later give them the Internship/Placement opportunities to the deserving candidates.

They will be using the TTT (Train the Trainer) model where-in they will be training the faculty and in turn faculty will train the student. We will charge some nominal amount from the student to pay the faculty who will be training them.

There is no financial obligation or any other obligation (in terms of guaranteeing minimum numbers etc) involved. Copy of the agreement is enclosed herewith for your kind approval. Once approved,

I can sign on behalf of RVIM.

For your kind consideration and approval

Thanking you
Truly yours

(Dr. Purushottam Bung)
Professor and Director

Handwritten signature of Dr. Purushottam Bung, dated 25.06.2020

Handwritten notes: Leg's Hon, 1st term?, Pre closure clauses?

- Perused the confidentiality Agreement of EY.
- As indicated by Hon. Secretary the agreement to include Term & A clause clauses.
- Term can be 1 to 3 yrs or stated as the Agreement/MOU for the above courses being offered.
- Either Party should be able to foreclose the Contract or MOU with completion of a program or 2 to 3 months notice.
- We may approve the above subject to the conditions mentioned above.
- Submit for approval pl

Director/RVIM: for useful please

Handwritten signatures and dates: 20/6, 30/06, 30/0
