**MENTORSHIP PROGRAMME
2021-2022**

The purpose of mentoring is to connect an individual who has a lot of knowledge and experience with someone who hasn't gained the same knowledge.

Being a mentor serves as a way to give back and is an important development and learning experience. Teaching others is the best way to learn yourself. In the same way, mentors become more competent as leaders and communicators as they guide and help rising talent.

In the Institute the students are allotted to a mentor. They have interaction on regular basis as well as during the time allotted in the time table. Generally 12.40 to 1.40pm on Friday is the allotted time for mentorship.

The faculty members go into a mentoring session with Talent matrix:

A team of 10 students are allotted to a mentor. An external team from Talent matrix teach and orient faculty mentors of assessment, mentoring tool kit and also conduct viva voce before the actual mentoring session with students begin.
