

Report on "Mock Stock Challenge" at RV Institute of Management

Date: 8th May to 15th May, 2024.

**Venue: Financial Markets and Research Lab,
RVIM, Bangalore.**

Time: 9.00 am to 4.00 pm

Event : Stock Trading Challenge

No. of Participants: 120

**Event Coordinators: Dr. Tamizharasi D, Prof.
Pooja R.T.**

The "Mock Stock Challenge," organized by the **Centre for Financial Markets and Research (CFMR) in association with Stockbyte**, was successfully held at RV Institute of Management (RVIM) from 8th May to 15th May, 2024. The event was designed for second-year students specializing in finance, providing them with a unique opportunity to apply theoretical knowledge to real-time financial market simulations.

During the event, participants were tasked with creating and managing virtual stock portfolios, simulating real-world (mock) market trading. Students were given virtual funds to invest in various stocks, making strategic decisions based on their analysis of the market trends, company performance, and other economic factors. The competition was designed to test the students' ability to make informed, quick decisions in a high-pressure environment.

Over the course of the eight-day challenge, participants were required to monitor the performance of their portfolios, adjust their strategies, and aim to achieve the highest returns. The top three students who accumulated the most profitable portfolios were selected as winners.

The winners were awarded cash prizes by RVIM as a reward for their exceptional performance and stock market acumen. This initiative provided students with valuable exposure to financial markets, helping them develop critical skills in portfolio management, investment strategies, and risk assessment.

Winners of the Mock Stock Challenge:

- **1st Place:** Sanjaya M
- **2nd Place:** Jayaraj S K
- **3rd Place:** Akshay Raikar

Cash Prizes: Awarded to the top three winners by RVIM for their outstanding performance.

The event not only encouraged a competitive spirit but also enhanced the practical understanding of stock markets among finance students. It reinforced RVIM's commitment to providing innovative, real-world learning experiences for its students, preparing them for future careers in finance and investment management.
