INFORMED CONSENT

<TITLE OF THE STUDY>

- I have read the participation information sheet thoroughly and I consent to being a participant in the study.
- I understand that my participation is voluntary and that I am free to withdraw from the research study at any time, without having to give a reason and without any consequences.
- I understand that I have seven days following the interview to get in touch with the research team in order to exercise my right to refuse and request the deletion of my interview data.
- I understand that my participation will not be rewarded either in cash or kind.
- I understand that the interview data will be treated in strict confidentiality, and that any information from my interview that would disclose my identify or the identities of those I discuss will be masked in the research's findings.
- I consent to the interview being audio recorded as part of the project.
- I consent to quote my interview in dissertation, conference presentation, published papers or however the researcher may like to use it.
- I understand that the researcher will carefully store completed questionnaires, original audio recordings, and signed consent forms in accordance with the RERB's ethical standards.
