CENTRE FOR CAREER DEVELOPMENT

Career Development Center ^

Centre for Innovation, Entrepreneurship, and Incubation v

Vision

The Career Development Center at RVIM is an integral part of the institution. The department aims at providing quality placement opportunities for students and preparing them for fruitful careers in their respective industries. The placement cell is dedicated to facilitate and guide students in achieving the right career objectives.

Objectives

- To create awareness among students regarding various career opportunities
- To act as a bridge between students, alumni, and employers
- To train and prepare students for the corporate sector

Placement Activities

- On/off-campus placements
- Updation of recruiters' list
- Placement brochures
- Industrial visits/tours

CENTRE FOR ALUMNI RELATIONS

Centre for Media v

Centre for Alumni Relations ^

Vision

The Centre for Alumni Relations of RVIM was created with the sole purpose of building a strong alumni base for the institution. The department conducts its annual alumni meet 'Sammilana', to bring past graduates together. Panel discussions are also put together with alumni members, moderated by Dr. Srikanth P, Professor and Co-Ordinator, Alumni Relations.

CENTRE FOR BUSINESS ANALYTICS

Centre for Business Analytics

Centre for Peace & Yoga

CENTRE FOR BUSINESS ANALYTICS

Opportunities for data science have been on the rise with various industries recognising its importance. The course offered by RV Institute of Management with Boston IT Solutions India Pvt. Ltd. is a one-stop learning platform that focuses on real-time applications for candidates to be applicable for various high-paying job opportunities in data science, machine learning, engineering, and business analytics.

Course Outcome:

The center is established with the sole objective of equipping students with the essential skills required to prepare for an exciting career in business and data analytics. It enables the students to master analytical skills to solve different real-world problems. The center has a state-of-the-art infrastructure with a well-stocked library on analytics and a well-equipped business analytics lab with i7 systems, and associated software for data analytics.

Charter:

1. To develop the required competencies in the domains of business analytics among students through effective teaching-learning evaluation.
2. To develop the competencies among faculty for undertaking quality research in the area of business analytics.
3. To establish, nurture and grow the industry & institutional linkages in the area of business analytics.

CENTRE FOR EXAMINATION

Centre for International Collaborations

Centre for Examinations

The Center for Examinations has been aimed to control and regulate the Examination activities & Evaluation process which is supervised by the COE. The conduct of Examinations in the autonomous system is an essential academic activity to check the capability of the student's performance. In this perspective, the Center for Examinations plays a vital role in the evaluation process, at each and every stage in the evaluation process, including Continuous Internal assessment (CIA) and Semester End Examinations (SEE).

The Office of Controller Examinations being the key office and overseer of assessment records offers quality support to the students and stakeholders in all circles of assessment matters. It is our obligatory responsibility to keep the procedures proficient and straightforward with respectability, secrecy, and quality assistance as it is enshrined in our basic beliefs. The Office of the Controller of Examinations has a well-developed process augmenting the complete stream of activities with respect to its Centre capacities.

Center for Financial Market and Research

RVIM Teaching Learning Centre

Centre for Financial Market and Research allows the training of tomorrow's financial managers to make informed decisions. It would also support and enhance academic research with the availability of extensive historical and real-time data. The vision of the Centre for Financial Market and Research is to provide cutting-edge research and teaching on Financial Markets. To realize this vision the Centre intends to:

- To provide students with hands-on data analysis and modelling experience through access to real-time financial data, market information, business news, and financial analysis software.
- To conduct Periodic programs On Contemporary Financial Market Issues and host Workshops and Conferences Involving Scholars and Practitioners.
- To apply finance concepts to real-world scenarios

Currently, the CFMR is equipped with NSMART Software and Ticker market view terminal.

NSMART

NSMART-Simulated Market Trading application reproduces features of a live equity/derivative/currency derivative market on trading terminals for students to practice and learn trading securities without financial risk. The NSMART-Simulated Market Trading application can be used to test your strategies before you trade, train traders and investors on the fundamentals of trading, and also to set up a mock/virtual trading environment. NSE SMART Application Trading Simulation application is a web-based application and can be accessed through exe file and web-based applications.

Ticker MVT

Ticker MVT flagship integrated cross-asset market data platform for real-time streaming quotes, market news and analytics with information on domestic and international exchanges as well as OTC markets. This real-time market data platform delivers ultra-low latency, Tick-By-Tick data for stock, commodity & currency and features with completely customizable screens, advanced charting, comprehensive and advanced technical analysis as well as economic data.

Centre for Business Analytics

Centre for Peace & Yoga

The Centre for Peace & Yoga at RV Institute of Management (RVIM) is an oasis dedicated to fostering holistic well-being, tranquility, and personal development within the academic environment. At its core, the Centre for Peace & Yoga embodies the philosophy of nurturing the body, mind, and spirit. It offers a range of activities and programs that cater to the holistic development of students, faculty, and staff. The primary focus is on promoting physical fitness, mental clarity, emotional balance and inner peace through the practice of yoga, meditation, and mindfulness.

Charter:

- To train all the students, staff and other stakeholders for overall wellbeing through practicing the Ashtanga Yoga philosophy of Patanjali Muni.
- To ensure holistic development and growth for both students and staff in all dimensions, encompassing physical, psychological, emotional, and spiritual wellbeing.
- To spread the knowledge and wisdom of ancient Indian tradition, philosophy, heritage, and value system including Yoga.
- To foster inner peace, holistic wellness, and personal growth through adoption of the teachings and practice of yoga, meditation, and mindfulness.

Activities:

- Yoga and Meditation Classes under Health and Wellness – 2 credit course: Including Hatha, Vinyasa, Ashtanga, or specialized sessions focusing on mindfulness and meditation techniques. These classes aim to promote physical flexibility, mental relaxation, and spiritual growth.
- Workshops and Retreats: Conduct workshops, seminars on Food and Nutrition, General First Aid, Human Anatomy, etc. along with holistic wellness, stress management, and personal development. These events include themes like mindfulness, stress reduction techniques, breathing exercises, and sessions on fostering emotional resilience.
- Community Outreach Programs: Organize outreach programs in collaboration with local communities, schools, or organizations to spread awareness about the benefits of yoga, meditation, and peace-building practices.
- Collaborations: Collaborated with Indian Yoga Associations, now operating as an Associate Centre – IYA and offer a wide range of short duration courses in yoga like Foundation course in Yoga.
- Peace-building Workshops and Advocacy: Conduct workshops, discussions, or forums focusing on Universal Human Values (UHV), peacebuilding, conflict resolution, and fostering harmonious relationships.

RVIM TEACHING LEARNING CENTRE

Center for Financial Market and Research

RVIM Teaching Learning Centre

Higher Education in the present days has evolved significantly and needs to cater to a globalized scenario. In this context, it becomes imperative for the faculty members to hone their existing skills, develop new skills and learn the nuances of the art, philosophy and science of teaching thereby making the overall teaching-learning process more enjoyable and engaging.

RVIM Teaching Learning Centre strives towards achieving the following objectives:

- Introduction to Business Analytics
- Data Mining and Predictive Modelling
- Business Intelligence
- Social Web and Mobile Analytics
