21. Give three observation / suggestions to improve the overall teaching E- learning experience in your institution.

The Overall Feedback about the Institution from the students is very good. Here are compiled the overall Feedback & Suggestions:

- Good college to peruse our PG Degree and lots of experience faculty, gives more importance on experiential learning
- There is no doubt that the institution adheres to a very good structure and standard policy.
- The college should also encourage students to pursue a distant degree.
- Teachers are improving subject matter knowledge in the classroom by focusing on applications.
- Please use more case studies to give a more realistic feel. (especially in a subject of specialization)
- Give chance everyone to participate in extracurricular activities, and avoid asking the same students again and again in every program.
- Try to find out why few students are not getting placed after giving so many interviews. Help them to find out their area of improvement. Because interviewers usually don't give any feedback. So, the students are not able to understand where things are going wrong.
- Many extra-curricular activities are arranged, leadership building activities and soft skill training is provided in the college
- Involving more practical aspects in teaching rather that concentrating more on syllabus completion.
- Quality of Teaching is Great - please continue the same
