118 responses

### 21. Give three observation / suggestions to improve the overall teaching E- learning experience in your institution.

The Overall Feedback about the Institution from the students is very good. Here are compiled the overall Feedback & Suggestions:

- The increased approachability and friendliness of many faculty members have positively impacted our learning journey, making it more engaging.
- Students value and appreciate the interactive approach of teachers in the learning process, along with the transparency of the examination process.
- We are pleased with the current teaching methods and their effectiveness in helping us learn.
- The practical application examples shared during lectures have made complex topics more accessible and relatable, improving our grasp of the subject matter.
- The institution consistently strives to identify and nurture each student's strengths while addressing areas for improvement, which is highly beneficial.
- Overall, the institution consistently delivers high-quality education, setting a high standard for learning.
- While the institution does provide industrial visits, more of these visits are needed to delve deeper into the practical aspects of our studies.
- The syllabus seems extensive, and some students feel that it could be reduced to make learning more manageable.
- While the institution has strong industry connections, there is room for improvement in expanding the range of companies and sectors available for placements.
- Some students have expressed concerns about the disparity in placement opportunities
- There seems to be a need for more personalized career counseling to help students align their skills with job market demands.
- The placement opportunities provided by the institution have been exceptional, with a high placement rates.
- Many students have secured internships that later translated into full-time job offers.
