Seminar on Artificial Intelligence: Innovative Applications with Limitations

Date: 10th August 2024	Venue: Seminar Hall
Time: 11:30 AM to 1:00 PM	Event: **Seminar on Artificial Intelligence: Innovative Applications with Limitations**
No. of Participants: 170	Event Coordinator: Dr. Noor Firdoos Jahan

Resource Person: Professor Narayan C. Debnath, Ph.D., D.Sc. Founding Dean, School of Computing and IT, Eastern International University, Vietnam

Objectives

The primary objectives of the seminar were to:

1. Educate faculty members about the innovative applications of AI across different fields.

2. Discuss the ethical and practical limitations associated with AI technologies.

3. Foster an interactive environment for knowledge sharing and collaboration among participants.

Introduction

A Seminar on "AI: Innovative Applications and Limitations." coordinated by Noor Firdoos Jahan and featured insights from Narayan C. Debnath, a noted expert in artificial intelligence. The seminar aimed to enhance the understanding of AI's transformative role in various sectors, while also addressing its limitations.

Key Highlights

1. Innovative Applications of AI:

- **Healthcare:** Debnath elaborated on how AI is revolutionizing patient care through predictive analytics, personalized medicine, and automated diagnostic tools.

- **Finance:** The speaker highlighted AI's role in fraud detection, algorithmic trading, and customer service enhancements through chatbots.

- **Education:** AI applications in personalized learning experiences and administrative efficiencies were discussed, emphasizing adaptive learning technologies.

- **Manufacturing:** Automation and predictive maintenance were noted as key areas where AI is improving efficiency and reducing downtime.

2. Limitations of AI:

- **Data Dependency:** The need for vast amounts of quality data was emphasized, along with the challenges of data privacy and security.
- **Bias and Fairness:** Debnath discussed the risks of inherent biases in AI algorithms, which can lead to unfair outcomes and ethical concerns.
- **Interpretability:** The complexity of AI models makes it difficult to understand their decision-making processes, which can hinder trust in AI applications.
- **Job Displacement:** The potential impact of AI on employment was addressed, with a focus on the need for upskilling and reskilling the workforce.

Interactive Session

The seminar included an engaging Q&A session where faculty members raised various queries regarding the practical implications of AI in their respective disciplines. Participants expressed interest in exploring collaborative research opportunities and integrating AI tools into their curricula.

Conclusion

The seminar on "AI: Innovative Applications and Limitations" provided valuable insights into the multifaceted nature of artificial intelligence. Narayan C. Debnath's expertise, combined with Noor Firdoos Jahan's coordination, ensured a comprehensive understanding of both the potential benefits and challenges of AI. The session concluded with a call for continued exploration and discussion on integrating AI responsibly and ethically in academia and beyond.
Recommendations

- Encourage faculty members to incorporate AI-related topics into their courses.
- Organize follow-up workshops focusing on hands-on AI applications and tools.
- Promote interdisciplinary research initiatives that explore AI's impact across various fields.

DIRECTOR

Artificial Intelligence

Date: 06/08/2024

The Director,
RV Institute of Management,
Bangalore.

Respected Sir,

Subject: Request to organize Seminar on Artificial Intelligence: Innovative Applications with Limitations

With respect to the above subject, I request your goodself to permit me to organize Seminar on **Artificial Intelligence: Innovative Applications with Limitations for** the students of II semester (All the section).

This Seminar aims at providing practical knowledge about the applications of AI in Business and understand the challenges associated with it on 10th August 2024 from 11.30 am to 1.00 pm.

The Resource person for the seminar is Professor **Dr. Narayan C. Debnath, who is currently the Founding Dean of the School of Computing and Information Technology at Eastern International University, Vietnam.**

Seek your approval to organise this seminar and Sanction a budget of Rs. 10,000/ to take care of his lodging, boarding and honorarium on 10th August, 2024.

A Cheque of Rs. 5000 can be given to him as honorarium and balance amount can be paid as per the expenses incurred

Thanking you

Truly yours

(Dr. Noor Firdoos Jahan)
Professor

Subject: Request to reimburse the amount Spend in the hospitality of the Resource person

Dear Sir,

I am writing this letter to request reimbursement for the amount of Rs. 1328/- paid for Lunch provided to the resource person of the seminar Professor **Dr. Narayan C. Debnath, who is currently the Founding Dean of the School of Computing and Information Technology at Eastern International University, Vietnam** on 10th August 2024 from 11.30 am to 1.00 pm at RVIM.

Thanking you

Truly yours

Bio of Dr. Narayan C. Debnath

Dr. Narayan C. Debnath has been a Full Professor of Computer Science since 1989 and currently the Chairman of Computer Science at Winona State University, Minnesota, USA. He is also serving as the Director and Past-President of the International Society for Computers and Their Applications (ISCA). Dr. Debnath is a recipient of a Doctorate degree in Computer Science and a Doctorate degree in Applied Physics (Electrical Engineering). In the past, he served as the President, Vice President, and Conference Coordinator of the International Society for Computers and Their Applications (ISCA), and has been a member of the ISCA Board of Directors since 2001. He served as the Acting Chairman of the Department of Computer Science at Winona State University and received numerous Honors and Awards. During 1986-1989, Dr. Debnath was a faculty of Computer Science at the University of Wisconsin-River Falls, USA, where he was nominated for the National Science Foundation Presidential Young Investigator Award in 1989.

Dr. Debnath has made original research contributions in software engineering and development, software testing and quality assurance, software models, metrics and tools, and information science, technology and management. He is an author or co-author of over 350 publications in numerous refereed journals and conference proceedings in Computer Science, Information Science, Information Technology, System Sciences, Mathematics, and Electrical Engineering.

Professor Debnath has made numerous teaching and research presentations at various national and international conferences, industries, and teaching and research institutions in Asia, Australia, Europe, North America, and South America. He has been serving as an international teaching and research advisor/coordinator of the Master of Software Engineering Program at the National Universities in Argentina, South America, since 2000. He has offered courses and workshops on Software Engineering and Software Testing at the universities in South America, Asia, and Middle East.

Dr. Debnath served as the General Chair, Program Chair, invited Keynote Speaker, Tutorial Chair, and technical Track or Session Organizer and Chair of the international conferences sponsored by various professional societies including the IEEE, IEEE Computer Society, the Society of Industrial and Applied Mathematics (SIAM), International Association of Computer and Information Science (ACIS), International Association for Science and Technology in Education (IASTED), Arab Computer Society, and the International Society for Computers and Their Applications (ISCA). Dr. Debnath is a member of the ACM, IEEE Computer Society, Arab Computer Society, and a senior member of the ISCA.

Circular

This is to inform all the second-semester (A, B & C sections) students that the Seminar on "Artificial Intelligence: Innovative Applications with Limitations" is organized on 10th August 2024 from 11.30 am to 1.00 pm in the Seminar Hall (3rd Floor). The Resource person for the seminar is Professor Dr. Narayan C. Debnath, who is currently the Founding Dean of the School of Computing and Information Technology at Eastern International University, Vietnam.

All the Students have to attend without fail, and attendance is compulsory. I urge all faculty also to attend as it is a contemporary topic & affecting all functions. Attendance is mandatory which pl. note.
