

Webinar Organized by
Centre For Business Analytics - RVIM
on
Advanced Deep Learning using Tensor flow and Keras
By
Mr. Mithun D J
Coordinator – Business Analytics Program

Date: 02 nd May 2023	Venue: Online over zoom – Business Analytics Lab
Time: 02:30 pm to 04:30 pm	Event : Webinar
No. of Participants: 267	Event Coordinator: Mr. Mithun D J, Dr. Jahnavi & Ms. Ankita Shrivastava

Objectives

- Explore Real-world Implementations.
- Understanding Algorithmic Techniques.
- Optimizing Business Outcomes.

The flow of the Event

- Introduction and information on Advanced Deep Learning using Tensor flow and Keras.
- Hands on exposure.

Outcome Achieved:

Attendees gain an elevated level of proficiency in harnessing the power of cutting-edge deep learning techniques. By delving into the intricacies of TensorFlow and Keras, participants unlock the potential to build and deploy intricate neural network architectures with confidence. They master advanced concepts such as transfer learning, generative adversarial networks (GANs), and recurrent neural networks (RNNs), equipping them with the skills to address complex real-world challenges across various domains. This newfound expertise not only enhances participants' technical prowess but also broadens their problem-solving capabilities, enabling them to tackle diverse tasks ranging from image recognition to natural language processing.

The webinar fosters a community of practitioners well-versed in advanced deep learning methodologies. Attendees have the opportunity to engage with seasoned experts and fellow enthusiasts, fostering valuable networking and collaborative prospects. Through interactive Q&A sessions and shared insights, participants can clarify doubts, exchange innovative ideas, and potentially embark on joint projects. This collaborative environment extends beyond the webinar, nurturing an ongoing culture of knowledge sharing and mutual support within the realm of deep learning.

Consequently, the outcomes of the webinar transcend individual skill development, catalyzing the growth of a dynamic community of learners and practitioners who drive the evolution of deep learning applications across diverse industries.

Feedback & Coordinator Comment:

Mr. Mithun has very rich experience in the corporate sector having built more than 100 Machine Learning models in a career spanning more than a decade. He has served in SPSS South Asia Pvt Ltd, WNs Global Services, Target Pvt. Ltd, and Blueocean Market Intelligence after completing his master's in Statistics from Bangalore University.
