

Workshop Organized by RVIM
on
General First Aid for (MBA Batch 2021-23)
By
Team from RV College of Nursing
Bengaluru

Date: 13 th and 15 th October 2022	Venue: Seminar Hall (RV Institute of Management)
Time: 07.30 am to 10.00 am	Event : Workshop
No. of Participants: 155	Event Coordinator: Asst. Professor Ankita Shrivastava
Section: A, B and C (MBA Batch 2021-23)	

Objectives

- To impart knowledge on First Aid to Saves Lives in the early hours of requirement.
- To make participants aware about accurately assessing the situation, act appropriately, and be more conscious of safety in their own home, workplace, or community.
- To impart enough knowledge on health and safety to make students aware of their lifestyle habits and choices to avoid the risk of developing problems.

The flow of the Event

- Introduction and information on necessity of having knowledge of Basic care and Life support.
- Different types of emergencies and dos and don'ts to be taken care on such situations.

Outcome Achieved:

The team started with a quick overview of what is constituted as medical emergency, what is meant by cardiac resuscitation, including safe use of defibrillator and how to save a patient with an obstructed airway.

Following were the learning objectives as dealt by the team in their presentation:

- To know what is medical emergency.
- Learn to apply critical thinking in an emergency situation.
- Learn problem solving and communication skills.
- To work as a team and also to be a team leader.

The workshop was comprised of four sessions including, common emergencies, ensuring scene safety and primary assessment, cardiac arrest and relieving airway obstruction due to choking.

The team described the spectrum of emergency care as on-site care, care during transit and care in the hospital.

The team demonstrated how to recognize common emergencies, manage COVID – 19 safeties in community and how to understand simple interventions that can stabilize the patient.

The workshop included imparting of knowledge on various common emergencies including heart attack, snake

te, stroke, infections e.g., COVID – 19, diabetic collapse, fits and fractures, wounds, burns and life threatening bleeding.

The team further explained the importance of personal and scene safety in an emergency, steps to be taken to prevent further damage including infection control, using others in ensuring scene safety and performing primary assessment.

The workshop included thorough discussion on understanding what is Cardiac Arrest, the importance of calling for help and learning the correct steps to follow in such situation.

The session also included imparting knowledge on being able to recognize a choking victim, be able to demonstrate proper technique to relieve choking in all age groups and know how to help yourself if you choke and have airway obstruction.

Feedback & Coordinator Comment:

The resource team had a rich expertise in teaching and imparting knowledge on Basic care and Life support. The workshop was excellent, and the resource team was very good and well versed in their knowledge on the topic. It was a great program including demonstration of the scenarios using props and the resource team has delivered in a very simple manner, the participants have got a great insight on overall wellbeing.
