WIPRO, Bangalore

**17th December, 2019**

**Time : 2.00 -5.00 pm**  
**Venue : Seminar Hall, 3<sup>rd</sup> Floor**

---

A workshop on 'Innovations and IPR' was organized for the students of I semester MBA. The programme was conducted with an objective of creating an awareness and enhancing the knowledge amid student community related to Intellectual property Rights Act. The Programme started with the silent prayers and Faculty, Dr. Noor Firdoos Jahan welcomed everyone for the programme and requested him to to start the session.

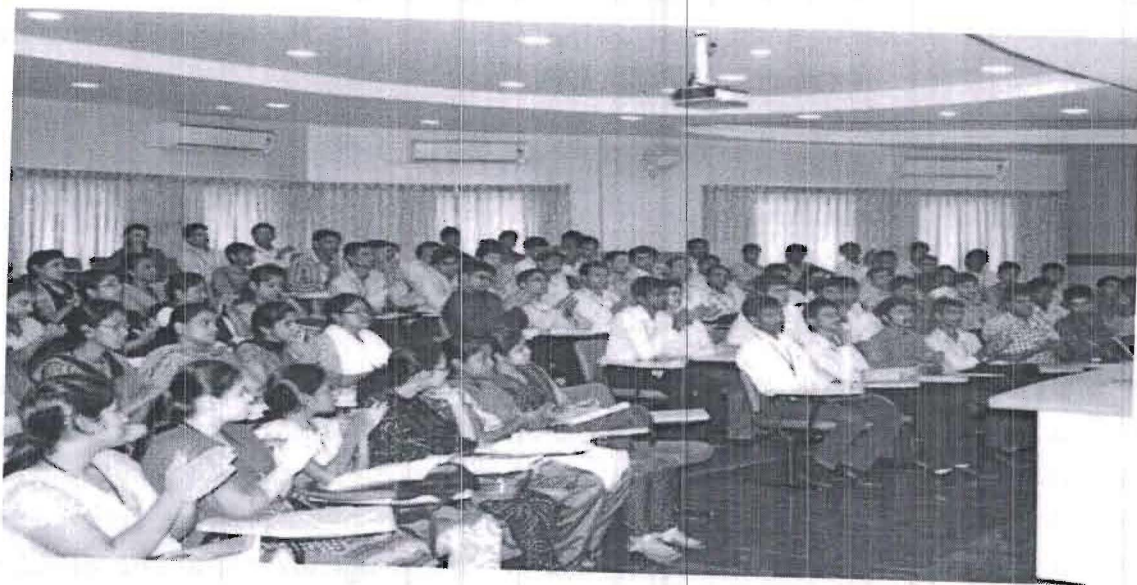

Mr. Raghavendra Annarao Nargolikar started his session with his definition on innovations and said that, according to him innovation is need of the hour and each one of us have to think differently and come up with some innovation. To protect our innovation, we can patent it. An individual or company that holds a patent has the right to prevent others from making, selling, retailing, or importing that technology. This creates opportunities for inventors to sell, trade or license their patented technologies with others who may want to use them. He explained the whole process of applying for the patent and students were very keen to learn the same. They ask may questions related to the IPR and which was very well answered by the resource person. At the end of the session Mr. A Chandran, Faculty, Department of General Management proposed the vote of thanks.
