Dear Sir,

Sub: Renewal of Subscription to BSmart Learning Application for the Batch 2025–27

BSmart by Business Standard, a learning application designed to provide a comprehensive platform that enhances learning for management students while supporting faculty engagement offers a variety of features that support academic and professional development of students. These include contemporary case studies related to Indian businesses, quizzes, business jargon modules, curated business news for management students, interview and resume preparation tips, and informative video content. The platform also provides faculty with the ability to upload case studies, quizzes, and polls through an integrated Content Management System (CMS).

RV Institute of Management has been using the BSmart application for the past two academic years for previous batches, and the platform has proved beneficial for our students in multiple ways. Students have been able to participate in case competitions, gain exposure to industry insights, and explore internship and job opportunities shared through the platform. In addition, the Business Standard team has conducted several guest talks and industry interaction sessions featuring senior professionals such as CEOs, CFOs, and CXOs, which have been valuable for our students in understanding real-world business perspectives. Another important advantage has been the visibility provided to RVIM through coverage of institute events in the Campus Talk section of the Business Standard e-newspaper, helping highlight our academic and co-curricular activities. All these features are in addition to the benefits of the Business Standard Premium Digital Subscription, which is provided complimentary with the BSmart App subscription. This gives access to 26 years of Business Standard archives, e-paper editions, and premium digital content, enabling students and faculty to stay updated with business and economic developments.

The pricing details are as follows:

- Actual price per subscription: **Rs. 1999/-**
- Offer price: **Rs. 650/- per student**
- Special price for RVIM: **Rs. 550/- per student** for 180 students (inclusive of GST)
- Complimentary access will be provided to all the faculty

The detailed proposal received from Business Standard is attached herewith for your reference. Considering the benefits experienced over the past two years and the value it provides to students in terms of learning and industry exposure, it is proposed that the BSmart subscription be renewed for the batch of 2025-27. I request you to kindly review the proposal and approve the renewal of the subscription.

Sincerely,
Prof. Pooja Takalkar
Assistant Professor, RVIM, Bengaluru.
