Dear Sir,

Subject: Proposal for Institutional MoU with the All India Management Association – India Case Research Centre (AIMA–ICRC)

During the previous academic year, our institute subscribed to the ICRC case repository under the subscription model. The India Case Research Centre (ICRC) is an initiative of the All India Management Association (AIMA), the apex body of the management profession in India. Through this subscription, a total of 104 case studies were downloaded from the ICRC portal and circulated among the faculty members of RV Institute of Management for academic use.

These cases were effectively utilised by faculty members across different MBA subjects to facilitate classroom discussions, assignments, and case-based learning activities. Multiple copies of selected cases were also shared with students to support their understanding of real-world managerial situations.

To further strengthen the utilisation of these resources, a "Case Corner" was developed in the institute library where both soft copies and printed copies of the downloaded cases were maintained. This initiative enabled easy access to case materials for both faculty members and students, thereby promoting a culture of analytical learning and discussion-based teaching within the institute. The initiative proved to be highly beneficial in improving classroom engagement and helping students understand contemporary business challenges from a practical perspective.

Considering the positive academic impact of the ICRC case resources and the increasing emphasis on experiential and application-oriented learning in management education, it is proposed that the institute may enter into an Institutional Memorandum of Understanding (MoU) with AIMA–ICRC. The MoU offers a structured academic collaboration that provides institutions access to a comprehensive repository of India-centric case studies across multiple disciplines.
