Sub:- Conferment of Autonomous Status to RV Institute of Management, CA-17, 36th Cross, 26th Main, Jayanagar 4th T Block, Bengaluru-560 041 affiliated to Bengaluru City University.

Sir/Madam,

This is with reference to the proposal submitted by RV Institute of Management, CA-17, 36th Cross, 26th Main, Jayanagar 4th T Block, Bengaluru-560 041 affiliated to Bengaluru City University under the UGC Scheme for Autonomous Colleges.

As per the decision of the Standing Committee constituted by University Grants Commission, in its meeting held on 12.04.2021, the Competent Authority has decided to grant autonomous status to **RV Institute of Management, CA-17, 36th Cross, 26th Main, Jayanagar 4th T Block, Bengaluru-560 041** affiliated to **Bengaluru City University** for a period of Ten (10) years from the session 2021-2022 to 2030-2031 as per provisions of Clause 3.13 and Clause 6.4 (i) of UGC Regulations dated 12.02.2018.

The University is requested to issue necessary notification/order regarding the grant of autonomous status to the college as per UGC (Conferment of Autonomous Status Upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2018 for Autonomous Colleges. The college, if eligible, shall apply for autonomy grant as per the norms laid down in the Regulations.

The autonomous college is required to abide by all the provisions of the UGC Regulations for Autonomous Colleges. The Regulations are available on the UGC website, www.ugc.ac.in. Non compliance of the requirements and conditions in the said Regulations shall attract action as per Clause -14 of the UGC Regulations – 2018. The college shall also apply in the prescribed format to University Grants Commission for extension of autonomous status six months prior to the expiry of the autonomous cycle.

Yours faithfully,

(Surender Singh)

RVIM – Rotaract Club – Ek Ped Maa ke Naam
10. September.2024

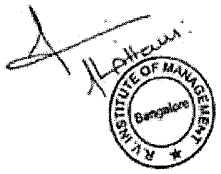

RV Institute of Management, in collaboration with the Rotary Club, organized a tree plantation drive titled "Ek Ped Maa Ke Naam" on 10th September 2024 at Bangalore University. During this initiative, 500 saplings of various species were planted, emphasizing environmental conservation and sustainable development. The event highlighted the importance of greenery and aimed to create a lasting impact on the campus and surrounding areas.

The objective of the **"Ek Ped Maa Ke Naam"** tree plantation event was to:

1. **Promote Environmental Conservation**: Enhance the green cover and contribute to ecological balance by planting diverse species of trees.
2. **Raise Awareness**: Educate participants and the community about the significance of afforestation and sustainable living.
3. **Honor Mothers**: Symbolically dedicate each sapling to mothers, emphasizing the nurturing and life-giving qualities they share with nature.
4. **Foster Community Participation**: Encourage collaboration among students, faculty, and community members to work towards a greener future.
5. **Combat Climate Change**: Contribute to reducing carbon footprints and mitigating the effects of climate change through increased greenery.

This initiative aimed to instill a sense of responsibility for environmental sustainability among all participants.

Event Started at 10:00 am from Jnana Bharathi Bengaluru Campus.

Teaching and Learning

TEACHING LEARNING INNOVATIONS

Motivation and Involvement of Faculty in The Promotion of Innovative Reforms.

RV Institute of Management-RVIM believes in using and practicing innovative teaching and learning process and systems. As innovation in education system and education delivery mode is here to stay. Institutions as ours are the first few in the country to adopt them and integrate it to students too. Endorsing this is the award conferred on our institution the 'E-Lead Certification', by QS- I GAUGE global in the year 2020; this endorses the fact that the faculty of the institution have adopted new technology in all academic practices.

Faculty and students being integral to the success of such systems especially, those adopted at B-schools the institution environment has evolved to be innovative. At RVIM, we have set up a unique teaching-learning system where faculty members are allowed to experiment with innovative techniques or reforms for student and stakeholder benefit.

Institute has identified objectives for the program which nurture innovation among students and faculty which are as follows:

1. To develop interest among the faculty group for them to build and drive the culture of innovation in the Institute.
2. To encourage the faculty group to deliberate, participate and execute changes in the institutionalized practices.
3. To facilitate the faculty members to elevate their field of expertise
4. To recognize the successful innovative reforms and embed them in the system.
5. To provide the faculty group with authority to try, test and act on the innovative reforms.
6. To facilitate the reforms through ICT and infrastructural support.
7. To empower the faculty through various extension and research exposures.

The key areas where the faculty members at RVIM have proposed and conducted programmes that drive innovation are grouped as

Programmes driven by management initiative
Programmes for improved academic brilliance
Programmes conducted under faculty initiative

These are listed below:

Programmes Driven Under Management Initiative:

- **In Developing The Mission Statement of The Institution** :
  - *"To nurture global thought leaders by offering holistic* ***management education fostering Business Intelligence, Health Care, Innovation and Entrepreneurship*** *for inclusive growth and sustainable development*

- *To provide value added services to business, Government, and Society* ***through staff empowerment, joint research and collaborative engagement.***"

This mission statement highlights the institutional emphasis given to innovation in education, along-side aims at driving faculty and other staff as key carriers of such innovation.

- **In Developing The Institutes Program Educational Objectives - PEO's-** Program Educational Objectives of the Institute outlines the outcome for the course Masters in Business Administration
  - PEO 1: Graduates will be able to demonstrate effective decision making, cognitive flexibility, problem solving capability, and adapt to the changing global environment.
  - PEO 2: Graduates will be capable of innovating, starting new entrepreneurial ventures, and be a lifelong learner with multidisciplinary research aptitudes.
  - PEO 3: Graduates will be able to think critically, communicate effectively, demonstrate analytical skills, and imbibe a healthy team spirit and leadership qualities.
  - PEO 4: Graduates will be able to demonstrate professional values, cultural sensitization, ethical behavior and integrity.
  - PEO 5: Graduates will be responsible global citizens and contribute towards inclusive growth and sustainable development of the society.

Institute's mission and PEO serve as a reminder to the faculty group at RVIM. This gives a framework to align their goals to the Institute's goals ensuring involvement in promoting and achieving innovative reforms.

- **Management Initiatives And Support To Faculty And Students Who Organise Innovative Programmes :**
  - At RVIM the culture of innovative reforms starts from the management, Rashtreeya Sikshana Samithi Trust, which is spearheading the cause of education in various fields since 1940. The trust is a strong believer in changing with times. The RSST encourages innovation in the education ecosystem which is evident in the recent brand launched with a tag line which sums up all the education endeavor of all institutions.
  - RSST initiative of implementing SAP system has evolved the process of work at all institutions as accessibility is high and information exchange is faster. The SAP aided Learning Management System from the trust has made the faculty groups across institutions more accessible towards widening their scope of teaching. SAP based admission process has been initiated with application process and student registration data is managed through SAP.

- At HOI Level: The Head of Institution encourages and motivates to undertake innovative reforms at every faculty meetings. Further importance is given on innovative reforms at the time of faculty goal setting and formal appraisal system.

Programmes For Improved Academic Brilliance

- **Innovation in Institute's Academic Practices:**
  - **Encouraging Innovative pedagogy in Subject allocation and Subject delivery pedagogy:**

— **Subject Selection and Allocation:** There is a well-established system at RVIM for faculty preparation before the start of every semester. Every faculty member is requested to give their subject preferences (4 subjects of which at least one should be a new one). This trend urges the faculty members to try their hand in new subjects and also extend their scope of teaching and knowledge. This in-itself is an innovative reforms followed at RVIM.

— **Self-paced MOOC Courses from Coursera intergrated in the curriculum as open electives :** Every student is allocated an unlimited enrollment license to complete as many courses as they wish from the 8500+ courses available on the Coursera Platform. Credits have been assigned to each of the 3 open electives.

— **Orientation towards outcome Based Education:** Right from the development of the session plan to the designing and structuring of the subject delivery and selection of pedagogical tools the faculty group at RVIM have to set up course outcomes that promote innovative reforms. Further they also have to create the CO PO mapping grid to make sure that appropriate Course Outcomes are selected in light of innovative reforms.

— **Course Docket Creation and vetting:** Creation and development of Course Docket at RVIM is unique and innovative reform by Faculty group. Every course docket prepared by the faculty is vetted in the presence of the HOI and brainstormed for effectiveness. Enough time and support is provided in preparation of an inclusive and detailed course docket. Blooms Taxonomy is extensively used by the faculty members while developing their Course Docket.

- **Subject delivery pedagogy:**
  - —**Types of Pedagogical Tools:** Use of student learning centric pedagogical tools by faculty is motivated and appreciated. Pedagogical tools in use are mentioned below:
  - — **Experiential Learning:** The faculty members are encouraged to adopt experiential methods of teaching, learning which fosters critical thinking and decision making abilities among the students.
  - — **Case Studies:** The faculty members at RVIM have access to online and offline case repositories and are persuaded to bring in the best standard cases to the class. Case study is considered as an important tool at RVIM to deliver creative and critical thinking among the students.
  - — **Activities, Quizzes and Exercises:** activities and exercises are incorporated in the course delivery by faculty with an aim engage and promote learning in a simulation based learning environment.
  - — **Videos and Presentation Tools:** Faculty at the institution use the most preferred tool is extensive usage of good and industry related standard videos. New presentation tools like Prezi and Canvas are endorsed for faculty usage.

<u>Programmes conducted under faculty initiative</u>

- **Teaching techniques that ensure enhanced learning are used:** To ensure teaching has led to a holistic learning, faculty chooses the appropriate teaching-technique. Such techniques used in the institution are :

  Experiential Learning: Experiential learning is the process of learning through experience, specifically defined as "learning through reflection on doing". Faculty of RVIM recognized and appreciated the use of experiential learning tools like:

— **Management games:** Strategic Human League (Strategic Management Game – an interactive play n learn module for the course strategic management and corporate governance –students participate in groups of 20 each in at three levels –at each level the game requires the team to think out the strategic tools, type of decision making to be applied that their team winning each round, without any elimination winning team is selected based on their best performance within the time limit).

—**Simulations**: Venture Fest (students are given a day to plan and run their business venture the campus is open to public), Innoviz (Management Fest).

— **DocumentaryFilm Making:** Video Profiling of Entrepreneurs, Video Film on micro enterprises etc.

— **Drama Art and Theatre:** Plays, Movies, street plays, etc are used in class as aids to supplement the subject-taught.

— **Outbound Training:** Training on skill development is offered to all firs year students. This set of training is conducted in an outdoor venue.

— **Outdoor Learning:** Industrial visits, rural visits, CSR programs, Visit to Museums, FKCCI Business Plan Competitions etc.

- **Project Based Learning:** Project Based Learning is a teaching method in which the students gain knowledge and skill by working for an extended period of time to investigate and respond to an authentic, engaging, and complex question, problem, or challenge. Some of the project based learning practiced initiated by the faculty members are:

— **Shodh-Industry Analysis Competition-** this is a group based project given to students of second year as part of their strategic management course. Students have to select an industry of their choice, and write a report on the industry analysis and competitive profiling with Porter model.

—**Green Marketing:** To make our students understand the importance of eco-friendly products and to provide them a platform to exhibit their models of eco-friendly products developed by them, the department of Marketing, organizes an exhibition annually.

- **Flipped Class & Blended Learning:** A flipped classroom is an instructional strategy a type of blended learning uses the traditional learning and online learning in a proportion that allows student s and faculty to learn and engage class for higher participation and interaction. In this area the learning techniques used are:

- **Research Oriented Student Learning:** Research-oriented learning is a concept of learning that revolves around inquisitive, problem-oriented and critical thinking, autonomous and creative working and practical application in academic research. To nurture this approach, a unique course called as Managerial Research Skills Lab (MRSL) has been introduced as part of the curriculum. This is spread across 3rd and 4th Semesters at the end of which students, under the mentorship of faculty members are able to come out with research papers and publish the same in reputed journals.

Examination Reforms

Examination Reforms

A. Creation of a Comprehensive database of Examiners:

The examiners' database comprises details of the examiners, including their name, designation, Qualification, area of Interest, Affiliation, Contact details, Total experience in Teaching, and Bank details. A subject-wise list of examiners is prepared by sourcing the data from individual faculty members. The Examiners' database was presented before the members of BOE, and their approval was accorded.

B. Procedural reforms

• Previous years' question papers and model question papers are shared with Students as a ready reckoner.

• Examination Calendar and academic calendar in the Student Handbook help to bring about transparency, awareness among the students and staff regarding the Centre for Examinations calendar.

• The Board of Examiners (BOE) and Examination Board, and Grading Advisory Committee are constituted to maintain fairness in the Examination system.

• Online display of Exam notices through SAP portal, UUCMS Portal and college website.

• Online registration for the End Semester Examination through SAP and UUCMS

• Automated seating arrangement through the SAP portal and the UUCMS portal

• Utilisation of Barcode for answer scripts and marks entry

• Online entry of CIA marks through the SAP portal and the UUCMS portal

• Online publication of results through the SAP portal and the UUCMS portal

• Assignments using the LMS platform are encouraged by all faculty members along with hard copy submissions.

•The soft Copy of the Question Paper is obtained from the examiners (Internal & External) instead of the Manuscript. This will reduce the typographic errors and enable the faculty Member to complete the task within the scheduled time.

C. Question paper Setting

• The Question Paper shall consist of three Sections, viz., A, B, and C. Section A carries 5-mark questions, Section B carries 10-mark Questions, and Section C is a Compulsory question which carries 20 marks. The QP is set for 100 Marks

• Examiners were provided with the Model question paper for setting the question paper

• The distribution of marks to each question should be indicated in the question paper along with the Cognitive Level (CL) and the Course outcome (CO)

• The question paper should cover the entire syllabus with proper distribution and Weightage of marks for each question or a part thereof. The question paper should cover all the units so as to discourage selective study and cramming. No question should be set outside the syllabus.

• Maintaining the standard, the language of questions should be simple, direct, and worded clearly and unequivocally. So that the candidates may have no difficulty in appreciating the scope and purpose of the questions

• Sketches, figures and tables, if any, should be drawn.

• It is Preferable to set the question paper according to Bloom's Taxonomy (Refer to Bloom's Taxonomy Action Verbs)

• Examiners should provide Instructions on the Issue of Tables, charts, etc., when necessary

• Examiners were informed to fill all the details in the Bill of remuneration and also provide Bank details, Account Number, IFSC code and PAN number in the space provided in the Remuneration bill.

• An invitation to set QP was sent to the Examiners from the approved list. A total of 4 sets of QP were obtained from each subject. The QP setting was sent to both Internal and External Examiners.

• The QP setting invite is dispatched to examiners, and a time frame of 15 days was provided to complete the task.

D. Scrutiny of Question Paper

• 4 sets of Question Papers. Remuneration bills will be received from the Examiners (Internal and external)

• The QPs were barcoded to conceal the identity of the Examiners.

• The Barcoded QP and scheme, and solution were scrutinised by the Members of BOE

• A separate team of BOE members was formed, subject-wise wise and all 4 sets of QP were thoroughly examined.

• The questions were modified, replaced and corrected wherever required.

• Reviewed QP was handed over to COE for final selection of QP.

• The COE selected one set of QP from each subject

• Highest level of confidentiality was maintained throughout the process.

• The QP was printed on the day of the Examination in the Centre for Examination before 45 minutes from the commencement of the examination.

• The Scheme and Solution for the selected QP was prepared by the Internal faculty member and used for valuation

E. Examination and Evaluation Process

• The SEE included both Theory and Practical Examinations.

• The External Examiners for the conduct of Practical Examinations were sourced from the list of Examiners approved by BOE.

• The appointment orders and the instructions to Examiners for the conduct of practical examinations were issued from the Office of COE

• The Theory examinations were conducted by the examinations committee headed by the Chief Superintendent and assisted by the DCS

• The Answer scripts were bundled and sealed in the cloth bag, subject-wise, along with Form A and Form B and handed over to the office of COE immediately after every examination by the Examination Committee.

• The Answer scripts were coded using the barcoding technique. The unique bar codes were generated by SAP & UUCMS

• The External evaluators for the valuation of answer scripts were sourced from the list of examiners approved by BOE.

• All the answer scripts were subjected to TWO valuations. Each answer script was valued by Internal Examiner (Faculty of RVIM) and External Examiner.

• The final marks for each student were calculated based on the average of two evaluations. The deviations between the first and second valuation of more than 20 marks were subjected to the Third valuation. The marks awarded by the valuator of the third valuation are final.

• All the Examiners (Internal and external) entered the marks, question-wise, in the SAP portal and UUCMS Portal after the evaluation. Each Examiner was given an ID and password to enter the marks in the SAP portal and UUCMS Portal, and this process eliminated the total mistakes and incomplete valuation.

• A maximum of 60 scripts were assigned to each Examiner per day for valuation.

F. Continuous Internal Assessment (CIA)

Internal assessment for each course is continuous, and the date for each activity is notified well in advance to all the students.

CIA Evaluation pattern:

Sl. No.	Evaluation Item	Unit of Evaluation	Marks Allotted	Timeline
1	Mid-Term Test	Individual	20	After the completion of 2-3 modules
2	Attendance and Class participation	Individual	5	At the end of the semester
3	Remaining assignments (Quiz, Individual assignment, Capstone project, Major or minor project, Group assignments, etc.)	Individual / Group	25	Full Semester
Total marks			**50**	

G. Evaluation pattern:

Continuous Internal Assessment (CIA): 50 Marks

Semester End Examination (SEE): 50 Marks

Internal & External: 50% & 50%

Minimum requirement to get promoted:

Students should secure a minimum of 40% marks in CIA to write the semester-end exam and should secure a minimum of 40% in SEE to pass the subject

Semester End Examinations are conducted for 100 marks, and the duration of the Examination is 3 hours. The SEE is reduced to 50 marks for the declaration of results

Minimum marks to be obtained: CIA – 20 out of 50 marks

SEE – 40 out of 100 Marks (will be reduced to 50 marks)

Total – 40 out of 100 Marks

Minimum 75% attendance is required to write the Semester End Examination

Promoting to II year = Students should clear a Minimum of 50% of the Total credits of the first Year

H. Grading system

Grade Points: The papers are marked in a conventional way for 100 marks. The marks obtained are converted to grade points according to the following table.

Table of conversion % Marks to Grade Point	
Marks	**Grade Point**
96-100	10
91-95	9.5
86-90	9
81-85	8.5
76-80	8
71-75	7.5
66-70	7
61-65	6.5
56-60	6
51-35	5.5
46-50	5
41-45	4.5
40	4
Below 40	0

The semester grade point average(SGPA)- is the sum of the product of the credits with the grade points scored in all subjects divided by the total credits in the semester.

SGPA=Credits x Grade Points/Total Credits

Minimum SGPÅ for a pass is 4.

If a student has not passed in a subject or is absent then the SGPA is not assigned.

2. The cumulative grade point average (CGPA)-is the weighted average of all the subjects undergone by a student over all the six semesters of a course.

CGPA = Σ Total credits in the semester x SGPA / Total credits of the course.

SGPA and CGPA will be rounded off to two decimal places.

Interpretation of SGPA/CGPA/ Classification of final result for a PG course.

Final Result Grade Description			
Semester/Program percentage of marks	**Semester GPA/ Program CGPA**	**Alpha Sign/ Letter Grade**	**Result/ Class description**
9.00 -10.00	9.00 -10.00	O (Outstanding)	Outstanding
8.00- < 9.00	8.00- < 9.00	A+ (Excellent)	First class Exemplary
7.00 - < 8.00	7.00 - <8.00	A (Very Good)	First class Distinction
6.00 - < 7.00	6.00 - <7.00	B+ (Good)	First class
5.50 - <6.00	5.50 - <6.00	B (Above Average)	Higher second Class
5.00 - < 5.50	5.00 - <5.50	C (Average)	Second class
4.00 - <5.00	4.00 - <5.00	P (Pass)	Pass class
Below 4.00	Below 4.00	F (Fail)	Fail/ re-appear
0	0	Ab (Absent)	Absent

I. Supplementary Examination

Supplementary Exams are conducted for Odd semester, along with Odd semester and Even semester with Even Semester.

J. Paper viewing process (PVP)

After the provisional results are announced, the candidate can view their answer scripts for any discrepancies found. The paper viewing process eliminates the issue of Photostat copying of answer scripts and brings total transparency in the evaluation process and practice.

PVP involves the following steps:

Step I: Registration for PVP

The registration dates will be announced by the COE office once the provisional results have been announced. For each course for which the student wishes to verify the answer script, the student needs to register for the course in the prescribed format along with the Rs. 250 fee.

Step II: Schedule for PVP

The schedule to view the answer scripts will be announced, and the student should be present personally to view the answer scripts. If the student is willing to apply for revaluation of the answer script, he may do so by applying for challenge valuation by paying the fee of Rs. 5000 per subject.

Step III: Valuation by Expert

The Challenge valuation will be done by an expert (External examiner), and the student will have to accept an increase or decrease in marks after revaluation, whichever is awarded by the evaluator. This will be the final.
