Title : Human Anatomy Workshop	
Date: 30.12.25, 31.12.25 & 02.01.26	Venue: Seminar Hall
Time: 8 AM to 9 AM	Event: Human Anatomy Workshop
No. of Participants: 162	Event Coordinators: Dr. Kokila Kulkarni

1. Objectives of the event:

- To provide students with a fundamental understanding of human anatomy and the structure of the human body.
- To familiarize students with the major organ systems and their functions.
- To create awareness about the relationship between anatomical knowledge, health, and overall well-being.
- To promote an appreciation of healthy lifestyle practices through an understanding of body structure and function.
- To introduce students to the practical applications of anatomy in medicine, healthcare, and forensic sciences.
- To encourage students to develop a scientific perspective towards human health and preventive care.
- To highlight the importance of physical well-being in enhancing personal effectiveness and professional productivity.

1. Event Details

The Department of MBA organized a Human Anatomy Workshop for first semester MBA students as part of the Health and Wellness course. The workshop was conducted in three separate sessions for Sections A, B, and C on 30 December 2025, 31 December 2025, and 02 January 2026, respectively. The sessions were delivered by Dr. Jahan Zeb, Professor and Head, Department of Human Anatomy, Dayananda Sagar College of Dental Sciences, Bengaluru. The workshop introduced students to the fundamentals of human anatomy, including the structure and functions of the major organ systems, and highlighted the importance of anatomical knowledge in promoting health and well-being. Drawing from his expertise in anatomy and forensic sciences, Dr. Zeb also shared insights into post-mortem techniques and forensic reconstruction of the human skull, providing students with an understanding of the practical and interdisciplinary applications of human anatomy. The sessions were interactive and encouraged students to appreciate the significance of physical health, body awareness, and preventive healthcare as essential components of personal and professional well-being.

2. Brief Description of the Event

As a part of the Health and Wellness course, a Human Anatomy Workshop was organized for the first semester MBA students. To ensure effective interaction and better learning outcomes, three separate sessions were conducted for Sections A, B, and C on 30 December 2025, 31 December 2025, and 02 January 2026, respectively.

The workshop was conducted by Dr. Jahan Zeb, Professor and Head of the Department of Human Anatomy, Dayananda Sagar College of Dental Sciences, Bengaluru. The sessions provided students with an engaging introduction to the fundamentals of human anatomy through detailed explanations of the skeletal, muscular, cardiovascular, respiratory, digestive, and nervous systems.

Drawing upon his expertise in anatomy and forensic sciences, Dr. Zeb explained the clinical and practical significance of anatomical structures and discussed their applications in healthcare and forensic investigations. He also shared insights into post-mortem techniques and forensic reconstruction of the human skull, providing students with a broader understanding of the interdisciplinary relevance of anatomical sciences.

The sessions were highly interactive, with students actively participating in discussions and clarifying their queries. The workshop successfully bridged theoretical concepts with practical applications, enabling students to appreciate the importance of anatomical knowledge in maintaining health, understanding the human body, and fostering holistic well-being.

b. Brief Profile of the Resource Person/s

Dr. Jahan Zeb is a distinguished academician and anatomist currently serving as Professor and Head, Department of Human Anatomy, Dayananda Sagar College of Dental Sciences, Bengaluru. He completed his undergraduate and postgraduate studies from Maulana Azad Medical College (MAMC), New Delhi, and obtained his Ph.D. in Medical Anatomy from the same institution. His areas of expertise include human anatomy, post-mortem techniques, forensic anatomy, and forensic reconstruction of the human skull. Dr. Zeb has presented numerous research papers at national and international conferences and has made significant contributions to anatomy education and research through his academic and scientific pursuits.

CIRCULAR

This is to inform all I Semester MBA students that the Department of MBA is organizing a Human Anatomy Workshop as part of the Health and Wellness Course. The workshop will be conducted by Dr. Jahan Zeb, Professor and Head, Department of Human Anatomy, Dayananda Sagar College of Dental Sciences, Bengaluru.

The workshop will be held from 8:00 AM to 9:00 AM in the Seminar Hall on the following dates:

Section'S	**Date**
Sec - A	30 December 2025
Sec - B	31 December 2025
Sec - C	02 January 2026

All I Semester MBA students are required to attend the workshop without fail, as it forms an important component of the Health and Wellness Course.

d. Outcome attained

- Understand the basic structure and organization of the human body.
- Identify the major organ systems and their primary functions.
- Recognize the importance of anatomy in maintaining health and preventing disease.
- Appreciate the role of anatomical sciences in medical and forensic applications.
- Develop greater awareness of the connection between physical health, wellness, and overall quality of life.
- Understand the significance of maintaining a healthy lifestyle for long-term personal and professional well-being
