Report on 38th batch of Computer literacy program for Senior Citizens	
Date: 11th December 2025 - 11th May, 2026	**Venue: Analytics Lab, RVIM, Bangalore.**
Time: 5 pm to 6 pm	**Event : Certification Course**
No. of Participants: 48	**Event Coordinators: Prof. Nagasubba Reddy, Dr. Jahnavi M., Prof. Pooja R Takalkar**
Student Volunteers	**10**
Technicians	**02**

The Centre for Wellbeing of Senior Citizens at RVIM conducted a Computer Literacy Programme tailored for senior citizens. This initiative aimed to bridge the digital divide by equipping the elderly with essential computer skills, thus enabling them to navigate the digital world with confidence and ease. The course was inaugurated on 11th December, 2025 in a grand inauguration ceremony at RVIM campus in the presence of the chief guest Shri A.Rajan, Retired Country Head- HDFC bank, Member , Governing Council, RSST and the guest of honours by Dr. Purushottam Bung, Professor and Director, RV Institute of Management and Dr.K.Aparna Rao.

Objectives of the program:

The primary objectives of the programme were:

1. **Enhancing Digital Literacy:** Provide senior citizens with basic computer skills.
2. **Promoting Independence:** Enable participants to perform daily tasks such as emailing, online banking, and using social media.
3. **Encouraging Lifelong Learning:** Foster an environment where senior citizens can continue to learn and adapt to new technologies.

Programme Structure

The programme was structured into three key modules, each designed to cover essential aspects of computer literacy:

1. **Introduction to Computers and Computer Applications:**
    1. Understanding computer hardware and software.
    2. Basics of operating systems (Windows and macOS).
    3. Internet and Email.
    4. Browsing the internet safely and efficiently.
    5. Setting up and using email accounts.
    6. Introduction to Microsoft Office Suite (Word, Excel, PowerPoint).
    7. Creating and managing documents, spreadsheets, and presentations.
2. **Essential Mobile Applications:**
    1. Uber App,
    2. Star Maker App,
    3. Zomato App,
    4. Pharmeasy App,

R.V. INSTITUTE OF MANAGEMENT Bangalore

5. Blinkit App,
6. Amazon App,
7. Inshorts App,
8. Redbus App,
9. Google Maps App

3. **Social Media and Online Services:**
    1. Navigating social media platforms like Facebook, Instagram, and WhatsApp.
    2. Introduction to online services such as e-banking, shopping, and video conferencing.

Methodology: The programme adopted a hands-on learning approach to ensure participants could apply their newly acquired skills in a supportive and engaging environment. The key teaching methods included:

4. **Interactive Classroom Sessions:** Engaging sessions incorporating practical activities and exercises.
5. **One-on-One Assistance:** Personalized support to cater to individual learning requirements.
6. **Resource Materials:** Distribution of manuals and access to online resources for continued learning and practice.

Profiles of Resource Persons of the Programme:

7. 6th April, 2026, Free Eye camp with Free Optical Glasses by Upkriti NGO
8. 11th May, 2026, Karaoke evening by Prof.Pooja Ravindra Takalkar

Participant Feedback:

Feedback from participants was highly encouraging, with many appreciating the instructors' patience, support, and clarity in teaching. Key highlights from the feedback included:

4. **Enhanced Confidence:** Participants reported feeling more confident in using computers and accessing online services.
5. **Greater Independence:** Many participants expressed that they were now able to independently perform tasks such as online bill payments and communicating with family through social media platforms.
6. **Interest in Further Learning:** Several participants showed enthusiasm for enrolling in more advanced training programmes.

Conclusion: The Computer Literacy Programme for Senior Citizens at RVIM proved to be highly successful in achieving its objectives of improving digital literacy and fostering greater independence among elderly participants. The positive changes observed in participants' daily lives highlight the significance and impact of such initiatives. Moving forward, RVIM aims to introduce advanced-level

R.V. INSTITUTE OF MANAGEMENT Bangalore

courses and broaden its outreach efforts to benefit a larger number of senior citizens, ensuring sustained support and meaningful engagement in the digital era.

Here is a more polished and professionally rephrased version:

Benefits for Senior Citizens

1. **Enhanced Connectivity:** Enabled participants to stay connected with family and friends through email, social media platforms, and video communication tools.
2. **Greater Independence:** Equipped participants with the skills required to conduct online transactions, access digital services, and manage personal activities independently.
3. **Mental Engagement:** Encouraged continuous learning and cognitive stimulation through exposure to new technologies and digital tools.
4. **Improved Safety and Security:** Increased awareness about online safety practices, helping participants safeguard themselves against cyber threats, scams, and fraud.
5. **Better Access to Information:** Provided participants with the ability to access information, resources, and services online, thereby enhancing knowledge and awareness.

The Computer Literacy Programme for Senior Citizens at RVIM is designed to empower elderly participants with essential digital competencies, enabling them to confidently navigate an increasingly digital environment. The programme offers a comprehensive curriculum covering fundamental computer skills, internet usage, online safety practices, and practical digital applications, thereby promoting independence, social connectivity, and lifelong learning.

Outcomes Attained

- Enhanced digital literacy among senior citizens
- Improved ability to operate computers and digital devices independently
- Increased proficiency in using email and accessing online services
- Greater confidence in using smartphones and essential digital applications
- Improved social inclusion through the use of communication platforms
- Enhanced awareness regarding online safety and financial cybersecurity practices

On 11.05.2025, a valedictory ceremony was organized to mark the successful completion of the programme. The Chief Guest for the occasion was Shri A. Rajan, Retired Country Group Head – HDFC Bank and Member, Governing Council, RVIM. Dr. Purushottam Bung, Dr. K. Aparna Rao, Prof. N. Nagasubba Reddy, Dr. Jahnavi M., and Prof. Pooja Ravindra Takalkar shared the highlights, key learnings, and experiences from the Computer Literacy Programme (CLP).

The ceremony concluded with Shri A. Rajan, Dr. Purushottam Bung, and Dr. K. Aparna Rao presenting certificates to all participants who successfully completed the certification course.

To
The Director,
R.V.Institute of Management,
Bangalore-41.

Respected Sir,

Subject: Proposal to Organise a Certificate Course on "Computer Literacy Programme for Senior Citizens" – 38th Batch

In response to the request made by our esteemed senior citizens, we are pleased to propose the organisation of a **Certificate Course on "Computer Literacy Programme for Senior Citizens"** from **13th November 2025 to 12th February 2026 – 38th Batch**

This initiative aims to **enhance digital awareness and computer proficiency** among senior citizens, enabling them to confidently engage with technology in their day-to-day lives.

The **registration fee** for the course is **₹2,000/- per participant (inclusive of GST)**. Approximately **40 participants** are expected to register for the programme, and the **total amount to be collected will be ₹80,000/- including GST.**

Objectives of the Programme

- To equip senior citizens with basic computer and internet skills for personal and social use.
- To promote confidence in using smartphones, online services, and digital communication tools.
- To bridge the digital divide and encourage lifelong learning among the elderly community.

Expected Outcomes

- Senior citizens will become digitally literate and independent in using essential computer applications.
- Participants will be able to perform day-to-day digital tasks such as online banking, communication, and information access.
- The programme will strengthen the institution's role in **community engagement and social responsibility** initiatives.
