Visit to Bangalore Tech Summit, 2025	
Date: 20-11-2025	**Venue: Bangalore International Exhibition Centre (BIEC), Bangalore.**
Time: 9.30 am to 6.30 pm	
No. of Participants: 180	**Event Coordinators: Dr. Rashmi Shetty & Prof. Anitha BM D'Silva, Prof. Ankita Srivastava**

MBA students of RV Institute of Management visited the **Bangalore Tech Summit (BTS) 2025**, one of Asia's premier technology and innovation conferences. The visit was organized to provide students with first-hand exposure to emerging technologies, startup ecosystems, digital transformation trends, and industry best practices. The summit served as a significant learning platform connecting academia, industry, startups, investors, and policymakers.

The objectives of the event were:

- To expose students to emerging technologies and innovation-led business models
- To understand the role of technology in entrepreneurship and industry transformation
- To provide interaction opportunities with startup founders, industry leaders, and policymakers
- To enhance students' understanding of the global and Indian startup ecosystem
- To bridge the gap between classroom learning and real-world industry practices

Overview of Bangalore Tech Summit 2025

Bangalore Tech Summit 2025 brought together **technology leaders, startups, investors, researchers, and government representatives** from across the globe. The summit featured keynote addresses, panel discussions, startup showcases, innovation exhibitions, and networking sessions covering domains such as Artificial Intelligence, FinTech, HealthTech, EdTech, Sustainability, Deep Tech, and Digital Transformation.

Event Highlights

1. Active Student Participation:
   Nearly 75 students actively participated in Ideathon 2025, forming diverse teams and showcasing a high level of enthusiasm and commitment throughout the event.
2. Innovative Idea Presentations:
   A total of 21 unique ideas were presented, addressing a wide range of domains including business innovation, sustainability, technology-driven solutions, social impact, and customer-centric services.
3. Structured Ideation and Evaluation:
   Students were encouraged to clearly define problems, propose innovative solutions, and articulate the feasibility and impact of their ideas. The presentations reflected strong analytical thinking and creativity.

Student Engagement

MBA students actively participated in:

- Keynote sessions delivered by industry experts and thought leaders
- Panel discussions on innovation, entrepreneurship, and future business trends
- Startup exhibitions showcasing cutting-edge products and solutions
- Interactions with founders, incubators, accelerators, and investors

The visit enabled students to gain insights into how technology-driven innovation shapes business strategy, competitiveness, and scalability.

Learning Outcomes

Through the visit, students gained:

- Practical understanding of technology-enabled business models
- Exposure to startup incubation, funding, and scaling mechanisms
- Insights into innovation management and digital entrepreneurship
- Awareness of emerging career opportunities in the technology and startup ecosystem
- Enhanced networking and professional orientation

Conclusion

The MBA students' visit to **Bangalore Tech Summit 2025** was a highly enriching and impactful experiential learning activity. The exposure to advanced technologies, innovative startups, and industry leaders significantly broadened students' perspectives and strengthened their readiness for future managerial and entrepreneurial roles. The visit aligned with the Institute's objective of fostering industry-relevant, innovation-oriented management education..
