Give three observations / suggestions to improve the overall teaching-learning experience in your institution.

- Good
- Good
- Some faculty members can improve student interaction and adopt more practical and simplified teaching methods to help students understand concepts more effectively.
- Good
- Teachings with more experiential methods
- Too many activities happening and no events especially before exams this helps students manage their studies effectively

- Nothing Much, everything is fine. Teachers and non-teaching staff are very supportive. Great team!
- Add more industry visits
- Good
- Use more of real time examples and situations in making students understand the concept
- Using student led explanations or presentations to freely explain topics either directly from the course, or related/latest updates may encourage student participation and thoughtful discussions. (But only if they aren't made compulsory assignments)
- Good teaching
- Good
- More experiential classes should be conducted
- Conduct more workshops on what we are learning and how to apply to the real world and working field
- Existing one is great
- It was good
- Everything about the college is great
- Good
- It is good experience
- Everything is going fine no much suggestion of improvement.
- Great going
- Teachers should help students in identifying their strengths with respect to the subject and help them to grow rather than remedial classes
- It's good
- Overall teaching is good
- GOOD
- Too many events at the end and no time given before exams to prepare, as not everyone comes from strong foundations in all the subjects
- Good
- Good
- Good

- More practical applicability would be good
- All good
- More integration of active learning instead of case study
- Everything is good
- Good
- Excellent
- Real world example
- Give more practical examples
- Best institute
- All the classes are very effective and they give more real time examples which are very helpful
